Supreme Headquarters Allied Expeditionary Force, June 28—(AP)—British tank columns burst two miles through the Germans' Odon river line and engaged the enemy in the greatest armored battle of the liberation campaign, four miles southwest of Caen today.

The clash blazing now in open country may decide the fate of a large part of the German 15th and 17th armies. The enemy had grouped four armored divisions around Caen, his eastern Normandy stronghold, 120 miles from Paris.

Final Breach With Finland Appears Near

By JOHN M. HIGHTOWER

Washington, June 28—(P)—American relations with Finland were at the breaking point again today. Some officials predicted the final breach between this country and its long-time Scandinavian friend would be made in a matter of hours.

The Finnish government's announcement last night that it had reached a "perfect understanding" with Nazi Germany and that their fight against Russia, was described by advocates of a break as "the last straw."

At the state department it was said the announcement ended all hope of getting a Russo-Finnish peace on any basis short of Finland's complete defeat.

Finnish policy moved to the fore again just as diplomatic officials became reasonably certain of another development in the rapidly shifting European political picture—that General Charles De Gaulle now is almost certain to visit President Roosevelt here the first week in July.

Stockholm, June 28—(P)—A break in relations between the United States and Finland seems certain, reliable sources said tonight in view of the joint declaration of solidarity between Helsinki and Berlin. No instructions had reached Helsinki from Washington, however.

All-Out War Places Heavy Strain On Boche Oil Stocks

By GLADWIN HILL

London, June 28—(P)—Capitalizing on lessons learned in Tunisia, when the Nazi war machine collapsed in a welter of stalled trucks and grounded planes due to an oil shortage, the Allies are making an all-out effort to speed Germany's final surrender by again draining away her military lifeblood.

Allied air chiefs directing this campaign say there already is an "acute shortage" of oil in Germany, but beyond this they will not go in assessing the situation. Britain's ministry of economic warfare, however, has estimated German oil production has been cut to one-third of maximum and the Nazi army is getting less than half the oil it requires for normal operations—let alone the present tremendous defensive effort.

Fifth Army Is Slugging Way To the North

By NOLAN NORGARD

Rome, June 28—(P)—San Vincenzo, only 32 miles below the big port of Livorno on the Italian west coast, was wrested from the Germans after a bitter house-to-house battle that lasted for several hours last night, and today the Fifth Army was reported slugging its way steadily forward.

San Vincenzo had been converted into a fortress by the Nazis, who had evacuated all civilians, then erected barricades and wire entanglements in front of the defenses.

Further inland an American armored force continued to roll back stubborn enemy resistance and occupied the villages of Chiusdino and Travale. Chiusdino is only 17 miles southwest of Siena, key highway and communications center 31 miles below Florence.

Supported by Italian partisans, an American infantry force bypassed, then surrounded and captured the town of Sassetta, four miles northeast of San Vincenzo, despite its defense by elements of the German 17th SS division, identified in that sector for the first time.

The Eighth Army continued to move forward slowly against fierce opposition at the main points of its attack. West and southwest of Lake Trasimeno, the Gioiella and Porto.

OPA VIOLATION

Pittsburgh, June 28—(P)—Patrick E. O'Leary, OPA district enforcement officer at Altoona, filed a suit for treble damages totaling \$120,744 against Albert Ferraro of Brookville in federal court yesterday. The complaint alleges Ferraro sold bananas to retail dealers at the amount of \$403.38 in excess of ceiling prices. Judge Nelson Novick set July 25 for a hearing.

In Washington, Pa., Herbert

Carmen, Red Cross disaster relief representative, announced permanent relief headquarters would be set up in Clarksburg, W. Va., tomorrow to consolidate relief work for seven Pennsylvania counties and eight West Virginia counties.

STRONG AIR SUPPORT AIDS SOVIET DRIVE

Hour After Hour Giant Stormoviks Plaster Enemy Tanks on Gateway City To Warsaw

PROGRESS IN NORTH

By EDDY GILMORE

Moscow, June 28—(AP)—Supported by one of the greatest air attacks ever hurled against the Germans, on the Russian front, the Red army closed in from three directions today on Minsk, the capital of White Russia.

Dispatches from the front said probably never before had stormoviks (dive bombers) been thrown with such strength and effectiveness against Nazi armored forces. Hour after hour they were reported searching out German tanks, plastering them in mass with their flying artillery and blasting the way for four armies converging in a great semi-circle on the gateway city to Warsaw and Germany.

Two of the most astute students of aviation in the Red air force, these young officers were reported throwing clouds of divebombers and medium bombers against the German ground troops and fortifications, blasting bridges and straining communications lines over a wide area.

The third thrust to Minsk came from Gen. Konstantin Rokossovsky's First White Russian army, driving up from the southeast over the Minsk-Gomel highway and railway.

A tremendous aviation force was likewise in the battle along this front.

Rokossovsky's army has pushed ahead toward Minsk, its advancing units about 75 miles away, while other units mopped up and surrounded a group of five German divisions just southeast of Bobruisk, which is tottering, with Russians already in its streets.

Strong air support was thrown also into the battle for Mogilev, where Gen. Georg Fedorovich Zakharov's Second White Russian

Rehabilitation Continues In Tornado Area

Pittsburgh, June 28—(P)—Relief and rehabilitation of homeless tornado victims in three states continued today while the death toll of last Friday's destructive "twisters" rose to 155.

Another death at Waynesburg, Pa., increased the Pennsylvania fatality list to 43. The West Virginia toll jumped to 109 with a death at Shinnston. Three were dead in Garrett county, Md.

Included in the West Virginia total were four victims whose bodies were dragged from the West Fork river between Shinnston and Fairmont yesterday. State guardsmen and volunteers continued to search the stream for other missing.

In Washington, Pa., Herbert Carmen, Red Cross disaster relief representative, announced permanent relief headquarters would be set up in Clarksburg, W. Va., tomorrow to consolidate relief work for seven Pennsylvania counties and eight West Virginia counties.

All army troops assigned to patrol the tornado area have been withdrawn. Col. Lucius McK. Crumrine, executive officer of the Third Service Command announced, State, county and municipal police and civilian defense volunteers remained on the job, however.

Empire State Executive Is Ready To Fly To Chicago

Albany, N. Y., June 28—(P)—Governor Thomas E. Dewey was to leave by chartered plane about 3 p. m. today for Chicago to accept tonight the Republican nomination for president.

The approximate departure time was fixed soon after the convention delegates had nominated him. The trip was expected to take about four hours.

The governor, his bags packed, listened by radio in the executive mansion to the speech of Gov. Dwight Griswold of Nebraska, placing him in nomination.

Gathered at the mansion prepared for a quick trip to Albany airport, were those accompanying him to Chicago. They included Mrs. Dewey, several of the governor's aides, newspapermen, photographers and bodyguards.

Events at Chicago, indicating the nomination of Dewey earlier than expected here, resulted in a decision to speed final preparations for flight.

The 21-passenger plane will stop at Cleveland to refuel.

Meanwhile, the weather bureau predicted the air voyagers would encounter stormy weather on the trip.

In Chicago Dewey was slated for speedy conferences on his preference for the vice presidency. In Albany he maintained his "no comment" attitude on this subject, as he did yesterday on the foreign policy plank in the party's platform.

Dewey's previous declaration that he was "wholly and exclusively" concerned with his duties as governor of New York led Capitol observers to predict he would not resign his office once nominated for the presidency.

"Front Man" Is Much In Doubt

By JACK BELL

Chicago, June 28—(P)—The piquant question of who will be the "front man" for the Republicans in the 1944 presidential campaign came up today.

Nobody had much doubt that Gov. Thomas E. Dewey of New York would become the presidential nominee. But the choice of Dewey's official campaign boss, formally known as chairman of the Republican national committee, ran into almost as many complications as that involving the selection of a vice presidential candidate.

One report seemed to stand out. The Dewey backers attending the GOP national convention were highly unenthusiastic about retaining the present chairman, Harrison E. Spangler of Iowa.

The circumstances are that J. Russell Sprague, New York national committeeman and Dewey handwagon driver, has a home state job he is reluctant to leave.

SHUTTLE RAIDS STRUCK FROM THREE POINTS

Avowed Purpose of Night and Day Assaults Is To Flatten Every Nazi Airdrome In France

BUCHAREST IS TARGET

By AUSTIN BEALMEAR

London, June 28—(P)—American bombers struck the enemy hard today in France, Romania and Bulgaria in mass attacks from Britain and Italy close upon disclosure of their three-way shuttle assault of the war.

A cloud of 750 or more Flying Fortresses and Liberators soared widely over France and western Germany bombing three airdromes near Caen, targets near Paris and rail yards at Saarbrücken. By night, 1000 RAF heavy bombers attacked the Calais robot bomb spawning grounds and rail centers east and south of Paris. The avowed purpose was to flatten every Nazi airdrome in France and tangle every rail junction.

From Italy, 500 American heavy bombers with escorting Mustangs, Lightnings and Thunderbolts attacked two oil refineries near and in the Bucharest suburbs and rail yards at Chitila north of the Romanian capital on the main line to the Ploesti oil fields, 35 miles away. The Germans said Bucharest and Ploesti both were bombed. The Karlovo airdrome in Bulgaria 75 miles east of Sofia also was attacked.

Allied air commanders in Britain, even before today's attack, said the Germans were suffering an "acute shortage" of oil.

The triple shuttle bombing smashed Berlin a week ago and a Polish oil refinery Monday.

America's vast air power was demonstrated in the operation Monday—and disclosed only today—that sent Flying Fortresses thundering out from the new bases in Russia, plastered the refinery at Drobobycz, 45 miles southwest of Lwow in old Poland, and carried them on to Italy to complete the mission without loss.

The bombers were those that flew from Britain on June 21 and gave Berlin one of its most terrible poundings of the war before going on to Russia.

The daylight offensive from British bases featured a triple attack by at least 750 American heavy bombers which loosed explosives on airdromes in France after the RAF had hurled 1,000 planes against two key rail centers in France and rocket installations.

Hoover Talk Is Scathing Denunciation

Chicago, June 28—(P)—Herbert Hoover was back in the political lists at 69 today after delivering the most scathing denunciation of the Democratic administration yet heard at the Republican national convention.

In a "fight until I die" speech, the only living former president told a cheering crowd of partisans last night that only by an up-setting of the Roosevelt administration "will our returning soldiers find freedom preserved at home."

The New Deal, Hoover said, "forged shackles for the liberties of our people."

Observing that nationalism is rising, he said "ideas of world super-government, no matter how idealistic, are already dead from these old blasts of realism. Peace must be based upon cooperation between independent sovereign nations."

But it is obvious, he said, that there must be "some sort of world organization to preserve peace."

Ohio Executive, In Dramatic Appearance, Receives Tremendous Applause As He Announces His Withdrawal

STASSEN FORCES ALSO ELIMINATE CANDIDATE

Chicago Stadium, June 28—(AP)—Governor Thomas E. Dewey of New York was nominated for president today by a wartime Republican national convention that was his from the start by a vote of 1,056 to 1—a lone Wisconsin vote going to General Douglas A. MacArthur.

The 42-year-old mustached gang-buster swamped all opposition as state after state roared out their votes amid the traditional accompaniments of bands, klieg lights and bake-oven heat.

Another governor—tall, handsome John W. Bricker of Ohio—was slated for the vice presidential nomination after forsaking his own drive for the No. 1 spot.

It was Dewey all the way, and the roll-call was just a formality after the riotous, hand-led snake dance which followed nomination of the Michigan-born attorney by Governor Dwight Griswold of Nebraska.

"Dewey's the people's choice" read the big placards carried by his supporters around the jam-packed convention floor.

"What'll We Do, What'll We Do, On a Dew, Dew, Dewey Day?" questioned a brass band, and the delegates took that for their theme.

Dewey was formally placed in nomination for president, Governor John W. Bricker promptly announced his own withdrawal—and the 23rd Republican national convention sped smoothly as a well-oiled machine today toward a Dewey-Bricker ticket for the fight to regain the White House this fall.

In a dramatic convention appearance to tremendous applause, at the termination of a rousing demonstration which greeted the nominating speech for Dewey, the tall Ohioan strode to the speaker's stand, looked steadily over the vast reaches of the seething convention hall, and said:

"I am deeply grateful to the many friends who have expressed

New Yorker Is Nominated By Gov. Griswold of Nebraska

Chicago, June 28—(P)—Gov. Dwight Griswold of Nebraska formally placed Thomas E. Dewey in nomination for the presidency of the United States at the Republican national convention today, declaring the New Yorker will win in November and become the man of the peacetime American future.

"This man will win," said Griswold, "because he is faced in the direction the American people want to go."

Extolling the 42-year-old Dewey, he said the Republicans are offering the nation "youth instead of decadence, vigor instead of complacency, integrity instead of double-dealing, seriousness of purpose instead of flippancy."

Anticipating a Democratic slogan "not to change horses in the middle of the stream," Griswold observed:

"There are now 26 Republican wartime governors. In these states, the people did not change horses; they changed vehicles."

For times like these, he said, "and in a stream like this, transportation by horse is not good enough."

When the American people want to go places, Griswold declared, "trust them to get off the horse and take a speedboat."

"In naming this man, we are not merely choosing a candidate—we are choosing a nominee who cannot fail to win. The direction of the war is already set and it will not be changed by the coming election. But the election will change our direction here at home. We are here to name as president a man whose character and record give assurance that this nation will now go forward to a greater future."

Without naming President Roosevelt, Griswold said "the past will have its spokesman in this campaign" but the Republicans propose in Dewey to have "the spokesman of the future."

He praised Dewey's record as a racket-busting prosecutor who "broke the alliance between corrupt politics and crime" and declared:

"What a house cleaning this nation needs and what man to do the job!"

Willkie Sends Congratulations

New York, June 28—(P)—Wendell Willkie telegraphed congratulations to Governor Thomas E. Dewey today soon after the New York governor's name was placed in nomination for the presidency at the Republican national convention.

Except for the telegram, there was no other indication how the 1940 Republican presidential candidate, who quit the race for a second nomination after being defeated in the Wisconsin primary, viewed the nomination or what part he might play in the forthcoming campaign.

A Catholic priest, a Protestant minister and a Jewish Rabbi each will give invocations. Mayor Cornelius D. Scully has requested 375 churches to ring bells and 80 industrial plants and 60 fire stations to blow whistles and sirens heralding the occasion.

Ammunition To Be Given To Hunters

Outdoorsmen who have sorely missed ammunition for their shotguns and rifles since the United States entered the war will be cheered by information from officials circles that some will be available soon. During the first quarter for this year ammunition plants turned out 120,000,000 shot-gun shells and 20,000,000 center fire rifle cartridges. A complaint heard in agricultural sections has been that 22 calibre rifle cartridges to shoot predatory animals have not been procurable. It was announced that 200,000,000 have been manufactured. As yet ammunition for sportsmen is not available, the backlog having been set aside for farmers. But the

War Production Board announces that ammunition for sportsmen will be released before the hunting season next fall. This easing of the ammunition situation is attributed to the tremendous output American factories have developed to supply the armed forces.

Odd Fellows Old Timers' Night Enjoyed

Over a hundred members of Odd Fellow lodges from eleven towns braved the heat to attend a most successful "old timers" night program held by Warren Lodge No. 339 last evening.

Highlight of the event was the presentation of a 50-year jewel to J. P. Brooks, of this city, who first affiliated with the order in Youngsville in June, 1894. The presentation was made in an entertaining and interesting manner by Addison White.

The committee in charge had arranged for the veteran members to be designated by lapel cards adorned with a star showing the number of years they had been affiliated. Those who were not considered among the "old timers" had yellow cards showing the years they had been Odd Fellows.

During the evening a songfest was led by Russell Templeton, with Rev. Philip W. Schlick, of Russell, at the piano.

The third degree was exemplified for two candidates, one being from Warren and the other from Russell.

Many of the old timers made brief remarks, one being a visitor from Buffalo who stated that he has been a member of the order for 58 years. Visitors were also heard from Clarendon, Russell, Youngsville, Sheffield and Bradford.

The meeting opened with Noble Grand Walter Strong presiding, and later the program was turned over to Boyd Sanden who acted in the capacity of master of ceremonies.

At the conclusion a delicious luncheon was served, the feature being a table arranged for the old timers headed by J. P. Brooks, with a large cake in the center decorated for the occasion with three links and the numerals "50" in the center.

The party was one of the most successful held in recent years by the lodge, credit for which goes to the committee chairman Boyd Sanden and his coworkers, Edmund Baird, Seth McCartney and Howard Kinkaid.

Spring Creek Soldier Dead In Normandy

The second invasion casualty reported of a Warren county soldier is that of Pfc. Joseph Gurdak, son of Mr. and Mrs. Michael Gurdak, of RD 1 Spring Creek. The news was conveyed to the family in a telegram from the War Department which arrived at their home Monday evening.

It stated that their son had met death on June 8 during the most desperate fighting which marked the third day of the invasion of Normandy by the American and British forces in securing a beachhead. He had evidently been killed instantly as the message stated he had met his death in France.

Three other brothers are in the service, all four sons of the family having gone to the Army. Two of the brothers, Andrew and Stanley, have been with units stationed in England for many months and may have also participated in the invasion assault. The fourth brother, John, is now stationed at an Army base in Florida.

Besides the three brothers, Pfc. Gurdak is survived by his parents, Mr. and Mrs. Michael Gurdak, and by two sisters, living at home. He had been in the service for about two years.

Heavy Rails Being Laid On Pennsylvania

Workmen of the Pennsylvania railroad are engaged in laying heavier rails on the local division of the Pennsylvania railroad. The heavy ore trains that have been run for some months past have played havoc with the light rails which were in place. The new rails weigh 30 pounds to the yard more than the rails which they are replacing. New ties are also being laid 18 inches from center to center instead of 22 inches as formerly placed.

The work is being done with a special train and crew of workers. The train carries a large amount of mechanical equipment which shaves off the old nuts from the track bolts, places the rails, tamps in the ties and does a large amount of work that was formerly done by man power. The train started its work at Irvine and is now working east of this city. It is also expected that the west bound tracks through Warren will also be relaid.

Much speed is being shown in the work as during the time it is under way the traffic is being held to a minimum as far as possible.

DAHLIA IN BLOOM

Mrs. Jane Zobrest, 15 Hemlock street, reports one of the first blossoming dahlias of the summer season.

TO BE REPRESENTED

Warren will be represented this evening in the Zarn Zem Temple, Shrine ceremonial at Erie, when a class of more than 100 will be initiated.

PAPER PICKUP

Boy Scout Troop 5 of Pleasant township has planned a community paper pickup in that section tomorrow, asking that residents place their collections before their dwellings.

RIPE TOMATO

P. H. Colt, 103 Second avenue reports that he has two ripe tomatoes in his garden and he claims the championship for being the first to produce a ruddy tomato this season.

NOT IN GROUP

The Warren Dry Cleaners will not close every day from July 3 to 10 as will other dry cleaners of the city. The period will give the workers a vacation period but this firm will not close as arranged vacation periods at other times.

INTEREST GROWING

When Miss Georgia Spinney, of the public library staff, reported to Lacy school Tuesday morning for the library period, she found 45 children assembled for the story hour and 16 of this number were enrolled for the summer project, the Book Army Game. This brings the community total for this game to about 180.

IS HOSPITALIZED

Mrs. Shirley Bean, of Weldbank, has received word that her son, Sgt. Laverne Bean, has been admitted to the AAF regional station hospital No. 1 at Carol City, Fla. for observation. He was recently transferred from headquarters of the Ninth Air Force in West Palm Beach to the Eighth Air Force in Miami.

TAKE KEYS OUT

Motorists are warned to take their keys out of their cars when parking them as the State police teletype has carried a larger number of reports on stolen cars than for some time. An epidemic of thefts seems to have broken out in this section of the state. Missing persons also seem to be in greater number than usual.

RECEIVES DEGREE

Victoria Krebs, Warren senior at Oberlin College, was a member of the class of 175 students graduated on Tuesday, receiving her bachelor of arts degree. She majored in chemistry in preparation for work as a medical technician and, after about two weeks vacation at home, will resume her laboratory work with the H. J. Heinz Company. Mr. and Mrs. Krebs, with Miss Victoria, Miss Peggy and Neil, arrived home last evening from the exercises.

DEMOCRATS IN SESSION

Democratic county chairmen and state committeemen from 10 counties in the northwestern end of the state were in Oil City yesterday where they discussed presidential campaign plans with State Chairman David L. Lawrence. It was the first meeting of the Democrats in the present campaign and there was great enthusiasm shown for the re-election of President F. D. Roosevelt and plans were made to put a battle all along the line.

PLAN CELEBRATION

Oilmen of this section are planning on participating in the observance of the 85th anniversary of the drilling of the Drake Well. The affair on August 27th promises to be of special significance with the big developments in the section nearby to the original well. Miss M. Eloise M. Michael, of New York, publications editor of the American Petroleum Institute spent the past week end in Titusville visiting the Drake Memorial and obtaining the necessary atmosphere and suggestions for an article to appear in the API quarterly.

TO IMPROVE LIGHTING

Reports from Celoron Park are to the effect that during this week several high lighting standards will be placed on the ground. The standards will be topped with some brilliant lights which will add much to the appearance of the park. Another new ride will be installed within the next few weeks as a caterpillar has been shipped and will be erected at the end of the park. Henry Gettman, who is doing the presswork for the park states that large numbers of Warren people are enjoying the park and that special features are being added for the July 4th observance at the park. Fire works will also be a feature.

IN GOOD SHAPE

Trustees of Oakland Cemetery have performed almost a miracle in getting the cemetery back into its usual beautiful appearance after a struggle this spring with copious rains and a help shortage that caused them chagrin at the time of Memorial Day. With the closing of school several high school youths have been secured to handle the moving of grass and the appearance of the cemetery is now excellent and the major portion of the lots and grounds have been mowed and trimmed and visitors have commented freely in a most complimentary manner of the work that has been accomplished in the past few weeks.

EDWARD PERSSON IN A NEW HIT

Thanks to Clipper mail from Sweden via London to New York, Scandia Films Inc. now happy to present the very latest films from Sweden. The first film off the Clipper is a new Edward Persson film, "Soliga Solberg" (Sunny Sunberg) where Edward like always, plays the leading role. It is indeed a good omen that Scandia Films Inc. has managed to get this Swedish hit over here. It means quite a lot for Americans of Swedish descent, especially for those born in Sweden, to get a greeting through the film and Edward Persson, from the old country. Because now-a-days no newspapers or books come this way from Sweden and letters are very scarce. Therefore it is with pride that Scandia Films Inc. presents this new film that shows Sweden of today, but above all, Sweden's leading film comedian at his very best.

As always when Edward Persson leads a picture, he attracts most of the attention. His antics, his enormous good heart, his ingenuity and his happy smile are simply captivating and he walks through the whole film just like himself, a little spoiled perhaps, but always beaming with delight.

Of course the director of the film has surrounded Edward with the best of the Swedish Film Colony has to offer with charming Anna-Greta Krigstrom as the leading lady star.

"The Workers of Sweden" and "Sing and Smile" are two very well chosen shorts that round out a first class program, which should go far to further strengthen the ties between Sweden and that part of Sweden in America which still takes pride in keeping up Swedish traditions, whether they are song, dancing, music or film.

"Soliga Solberg" is sunny indeed, and a welcome film. It will spread sunshine in many a heart. At Columbia Theater Thursday and Friday.

YOUNGSVILLE NEWS

Youngsville, June 26—The girls of the intermediate department of the Methodist Sunday school organized at a picnic supper meeting held Sunday at 5:30 in the afternoon. They formed a junior missionary group. This is sponsored by the Women's Society of Christian Service, and will have as its leader the girls work secretaries, Mrs. Sherwin and Mrs. Donald Bard. The officers elected were: Mary Caldwell, president; Yvonne Schnell, vice president; Phyllis Doud, secretary; and Carol Ann Zeff, treasurer. A short talk was given on the theme of the work of Missionaries, showing how they had changed the history of the world and illustrated by the Chings of China. The coming Institute at Allegheny college, Meadville, from July 10th to 16th was also described with the hope that the group may be represented at this institute.

At 7:00 p. m. the group went to the home of Mrs. Carolyn Reynolds where they joined with the other members of the Youth Fellowship in an out door service of song and worship.

MEETINGS HELD TUESDAY

On Tuesday afternoon the Violet Circle is meeting with Mrs. C. E. Anderson on Hazard Place. That evening the American Legion Auxiliary meets for a business and social meeting at the home of its president Mrs. Lena Hendrickson. It will be the annual election of officers.

The Co-operative club is having a dinner on Island Park Tuesday evening.

The Brokenstraw Grange is to have an unusually busy evening Tuesday. They are to have two degrees exemplified and a program, followed by refreshments in the dining hall.

First Report On Results Of Bond Drive Being Compiled

Work of compiling the first returns of the Fifth War Loan campaign in Warren county is nearing completion and the results of individual sales to date will be available within a day or two, it was announced today by the Warren County War Finance Committee.

Early returns indicate that the industries and business firms of the county are responding in excellent fashion, but it is feared that the total of bonds sold to individuals will be lower than comparable figures from the four previous War Loans. Lagging returns from workers in some zones may be accountable for this condition, and members of the county committee are reluctant to believe that fewer bonds will be purchased by individuals.

Reports from some districts of the town and county reveal that there are many residents who have not been called upon by a Block Service Worker or a county team member. War Finance Committee headquarters urged today that all workers complete their house-to-house canvass by June 30th.

The local office also requests that volunteer workers bring or send to the office, 201 Warren National Bank Building, all orders which they now have, so that the bonds may be issued promptly.

To avoid congestion at the issuing agencies during the last few days of the Fifth War Loan, all Warren county residents who have given orders for extra war bonds are requested to secure them from their bank, postoffice or other issuing agency.

Russell Scout Is Given Advance

Scout Kenneth H. Pearson of Russell Troop 14 was advanced to the rank of Life Scout following the advanced review board held late Friday afternoon at the Scout office, it was learned today from H. L. Blair, chairman of the Scout advancement committee of Warren County Council, Boy Scouts of America.

In presenting his application for this recognition of achievement Scout Pearson indicated that he had become a first class Scout in November 1942. Star Scout in June 1943 and had completed the work necessary to merit the following Merit Badges: first aid, athletics, personal health, public health, life saving, safety, civics, firemanship, pathfinding and swimming.

The award of the rank of Life Scout will be made to Scout Pearson at the September meeting of the Council Court of Honor.

Two Musical Instruments Are Found

The VFW band will toot along in the accustomed way and the brass section will be just as strong as ever as police yesterday recovered the two trumpets which were stolen from the VFW vestibule Monday night. The two trumpets were valuable instruments and yesterday police found them in their cases intact hidden under the hand stand in the Soldiers Memorial Park at the Hickory street bridgehead. The thief evidently had quickly hidden them after taking the instruments from the vestibule and had planned evidently on picking them up at a later time when the bus and car had died down. A fellow in the lockup is rather suspected of being the one who picked off the tooters and he will be questioned relative to the matter.

Police also picked up a fellow at the South end of the Hickory street bridge last night after their attention had been called to the fact that he was acting in a suspicious manner. The fellow was lurking behind trees and bushes in the deep shadows. He said he was waiting for a girl. Police are inclined to think that is true as reports of late have been to the effect that some fellow had been whistling and calling to girls in that section of the city.

A girls bicycle was picked up about 12:30 this morning at the Presbyterian church where it had been left leaning against the structure. No theft of such a bicycle had been reported but the police are holding it at headquarters.

Convention Off To Dull Start; Lacks Zip and Young Blood

(EDITORS: This is one of a series of daily Peter Edson columns, date line Chicago, which you will receive from this NEA bureau during the Republican National Convention. The columns are telegraphed to Cleveland for rapid delivery to your paper. Intimate sketches of convention figures by NEA Artist Walt Scott, transmitted to this bureau by telephoto, will illustrate each Edson story.)

By PETER EDSON
Times-Mirror Washington Correspondent

Chicago, June 26—The dullist Republican political convention within the memory of living man gets under way here today.

The preliminaries have been even duller than that. No decorations, no bands, no elephants, no parades, no fight, no pep, no good.

For a week before the opening of the actual convention in the Chicago Stadium, what activities there have been have centered in

the recently reopened Stevens Hotel, and it is as predicted, a mess. People mill around in the airless lobby for whatever reason it is that people at conventions mill around in airless lobbies, when they might be outside breathing fresh air and enjoying the breezes and sunlight on Michigan Boulevard.

They stand in line by the half-hour, waiting for reservations at the two out of six room clerks' windows open for business. Rooms aren't vacated, and aren't made up at 8 p. m. when they are vacated. The Republicans at this convention are literally not only going to have to lie in their own beds. They're going to have to make their own beds. Linen closets on some floors are bare of clean towels. If you wash, you dry on your handkerchief. There aren't even any Gideon Bibles in the rooms for solace.

Up on the 25th floor is the headquarters of the New York Dewey-

for-President delegation. Most significant thing about it aside from its air of desertion and barrenness is a telephone switchboard with a number all its own. Harrison 3620, in case you want to call them up. Gov. Thomas E. Dewey, sitting in Albany, is apparently figuring on capturing the convention the same way Hitler used to conquer Balkan countries—with a telephone call.

Gov. John W. Bricker of Ohio—the only avowed candidate who wants the presidency and thinks he's going to get it—has a suite on the tenth floor, a press room on the fourth, and the Grand Ball Room. His enthusiastic backers are doing what they can to make this look like a convention fight, but on the eve of the convention opener, it was considered mostly shadow-boxing.

They have a "John Bricker from A to Z" kit, complete with a two-dollar biography, an actual buckeye imprinted with "Bricker" and

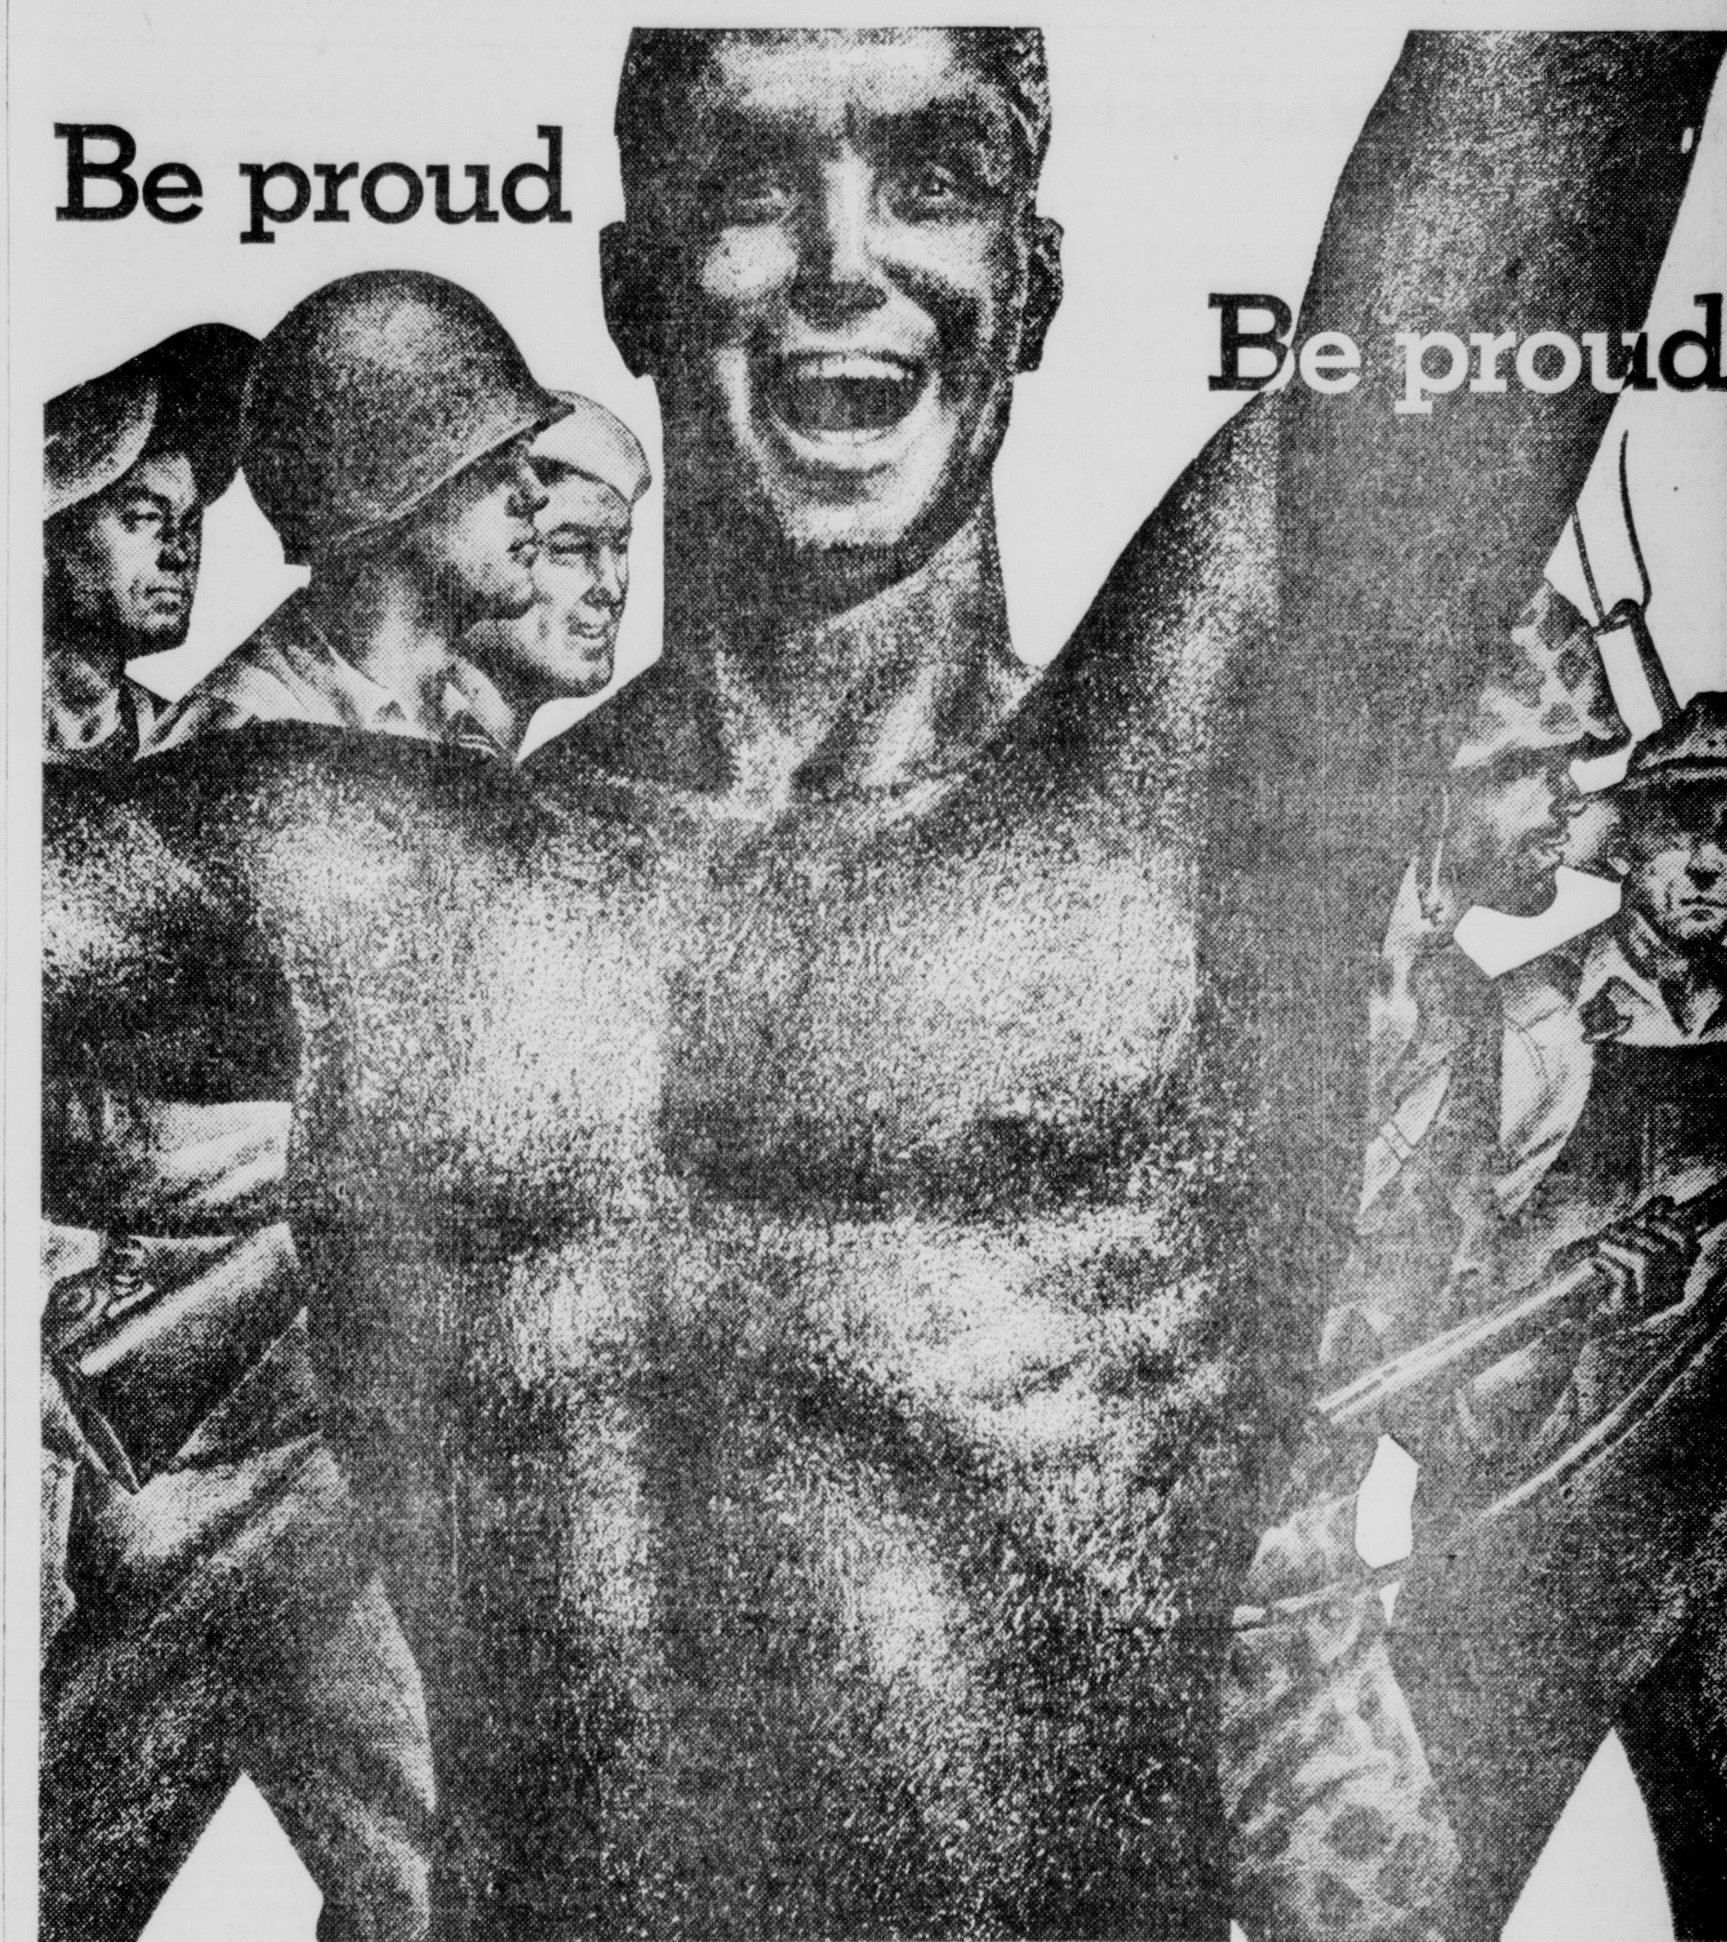

a big button "Be a Bricker Backer," which you have to spell out and pronounce carefully to avoid confusion with bric-a-brac.

Governor Bricker looks good and he goes about beaming and sparkling through his big blue eyes, radiating what goes for the Republican version of confidence.

Dr. R. C. Radabaugh of Hastings, Minn., is for ex-governor; now Comdr. Harold E. Stassen, in a big way. But even the doctor's 200 pounds can't give Stassen enough delegates to do him much good, and about the only way the convention would reach him way out in the Pacific if it wanted to tell him or ask him anything would be to send him a V-mail letter.

Congressman Everett M. Dirksen of Pekin, Ill., is for Congressman Everett M. Dirksen for president, but few others are.

Gracious Marion Martin, with the most beautiful head of gray hair you ever saw, is trying to do things for the women delegates

The world went mad...
Hate, hunger and misery darkened the sun.
Children walked the streets of Europe...
Sleeping on doorsteps, searching for crumbs.

Then out of the New World came a new hope...
To join the nations at war for right
Came a young giant called America...
Big as the prairies, big as the hills.
Free and angry and unafraid!

He rolled up his sleeves; he spit on his hands...
And then he out-produced the world
In the awful but needful weapons of war...
The wrath and the might of his people grew...
On land... at sea... in the boundless air;

Now he is marching on Europe...
Side by side with staunch allies;
Now he is at death grips
With the cruelest foe man ever faced.
Now he needs every ounce of his strength...

And because YOU are his strength
Now you can help as never before...
By doing YOUR part... by digging deep...
By buying more bonds than ever before...
Buy bonds and be mighty, America...
Buy bonds and be proud!

Assistance Grants Rise Over State

Revision of individual public assistance grants, in line with the increased allowances announced by Governor Martin on June 15 immediately following action taken by the State Board of Public Assistance, is being put into effect promptly in order that the 93,000 persons receiving Aid to Dependent Children and 26,000 receiving General Assistance may more nearly meet the current cost of a minimum standard of living. The increases for recipients of Aid to Dependent Children will be made effective with their checks for the month of July and for recipients of General Assistance with their checks for the week commencing July 17.

Allowances for old-age assistance will not be affected by this increase since the present maximum of \$40 already exceeds the new schedules for the other two assistance programs.

The present increase is being made in order to meet the costs of

minimum household and cleaning supplies, shelter, and fuel and light, as shown in the findings of the Department's latest Cost of Living Study. Allowances for food were raised previously in August 1942, December 1942 and January 1943 in order to meet the rise in food prices.

The increased allowances will cost the State about \$120,000 a month. There are sufficient funds in the Department of Public Assistance appropriation to cover the increased cost.

Flavor and Fitness Breakfast Suggestion

Never have women been so "nutrition-conscious" as they are right now. Our Government has, to a great extent, been responsible for America's great interest in correct foods and balanced meals. Uncle Sam's Basic 7 Food Groups have by this time become familiar friends of the household, the most women consult them before making out their daily shopping lists.

Group 6 is one of the most important. That, you remember, includes natural whole grain (or enriched or restored) bread, flour and cereals. For health's sake, we are urged to eat some every day. One of the most interesting and to eat whole wheat every day is to serve "Shreddies"—the new and different breakfast cereal.

"Shreddies" is convenient spoon-size; made of 100% natural whole wheat, with all the rich, nut-like goodness and sound, hearty nour-

ishment of that grand grain. To children, the lure is flavor, of course. In fact, "Shreddies" has a delightful, tempting flavor that appeals equally to youngsters and grown-ups.

Mother will be pleased to know that "Shreddies" is made by National Biscuit Company in the original Shredded Wheat Bakery at Niagara Falls. A guarantee of excellence!

UNHAPPY FINLAND

Finland has taken the road to utter ruin which she so narrowly escaped in 1939-40.

Some of us may regret it remembering her strides along the best lines of human progress between the wars, and with what brave principle she fought the winter war as the Russians, coldly practical, prepared their strategic defenses for 1941.

But Finland supported her pro-Nazi leaders, possibly hopelessly but probably willingly, preferring the Germans to the Russians. For that decision, which only staved off this day when she has become another Italy, she must pay bitterly. The United States, one of her longest-suffering friends, can tolerate her no longer. Finland drops to the rank of the Hitlerite balkans.

Oddly enough, the man most responsible for Finland's position is a former Russian army officer, Field Marshal Gustav Mannerheim, hailed from 1918 to 1941 as Finland's greatest patriot. He now stands as another Mussolini, wrecker of the country at whose birth he played the roles of both father and midwife. He now ranks even lower than Hitler's other satellites. Der Fuehrer brought them into line with irresistible pressure. Mannerheim joined him with gusto.

Not that Mannerheim would have joined happily in a war on Norway, Denmark, Belgium, Britain or the United States. But he saw opportunity for revenge, for recapture of territory, and for venting of an old grudge against the Soviets.

And let there be no doubt as to Mannerheim's responsibility. A Swedish writer aptly said: "Finland is a republic but has both a president and a king. The king is called Mannerheim."

STRICKEN FRANCE

One of the toughest and most thankless jobs in connection with the invasion of France is the task assigned to the civil affairs administrators. Not only must they restore order and provide food and shelter for the civilian populace, but they must also use all their powers of tact and persuasion to rebuild morale.

French cities have been devastated by heavy artillery fire, bombing, house-to-house fighting. Homes have been demolished, farms ruined, livestock slaughtered. Tragically, innocent civilian bystanders have been counted among the dead and injured.

Frenchmen are human, and being human, they must feel a sense of frustration and bitterness at the unhappy turn of events that has brought havoc to their country. Many of the areas over which the invasion armies are now tramping have not felt the full devastation of World War II before now.

Moreover the Nazis, schooled in continental ways, had a long time in which to infiltrate their propaganda, and the carefully disciplined German army of occupation has undoubtedly been cautioned to guard against incurring displeasure of the French populace. The underground has bitterly fought the Nazis, and there are unquestionably thousands of Frenchmen who hate the Boche, but reports have indicated that the Allies did meet with some popular displeasure.

Wisely, American and British civil affairs administrators have named a De Gaulle representative for each detachment, thus gaining the confidence of minor officials in many towns. Administrative rifts have been avoided and the military authorities are proceeding cautiously on a "wait and see" policy.

Unhappy France, suffering humiliation, defeat, and now destruction of many historical towns and cities, deserves our sympathy and all of the help we can give her. Her lot has not been a pleasant one. Her only consolation is that happier days are not far distant.

HOME FRONT DATE WITH UNCLE SAM!

Most of us do not use our automobiles a great deal these days—at least when compared to the prewar period of plenty of gasoline and unrestricted travel.

But the government's "use tax" remains in effect. It costs \$5 and one buys the tax from the local post office.

Despite all the complaints about the levy of a "use tax" on a vehicle that isn't used a great deal, the law says it must be paid—and by July 1.

And your Uncle Sam needs the money.

Radios To Broadcast Convention Climax

New York, June 28.—(P)—The climax of the Republican national convention, expected tonight in the balloting of candidates, will find the networks carrying the roll call of states in their entirety. Broadcast time has been set for 10 o'clock, but will be changed if the proceedings get under way at an earlier hour.

While no definite time has been announced for Thursday, day or night, the networks have arranged their schedules for last-minute inserts at any time. Thus, for the next hours, all regular programs have been put on a "flash" basis for cancellation at a moment's notice.

The water-proof paper cover shows the need of paper in the war effort and then the K Ration opened is shown and the contents displayed. Men in the service find the K Ration when out of touch with their units most satisfactory.

TO ADD NAMES

Arrangements are being made to add a large number of names to the Honor Roll which was erected by the VFW at the Soldiers Memorial Park. Some difficulty has been experienced in securing a painter who can letter the names on the roll in the manner in which they have been placed. There are a number of gold stars also to be added to names on the list as several Warren men have been reported on the killed in action roll. A number of women serving in various capacities with the armed forces will also have their names placed on the roll.

Murder at CANDLEWOOD

by Gene Bunker Lumley

Chapter 12

ONCE or twice that night Spring listened, thinking the boards in the hall were creaking. The third time she was certain. She crossed her room and listened intently at the door. The steps went past, very slowly, down the hall and paused at the curve toward the stairs. Spring remembered, with a chill, that the top of the stairs creaked shrilly. Someone else had remembered, too. For now there was no sound at all.

Spring unlocked her door and stepped outside. There was a little balcony that looked down on the large main hall below. She stood there listening.

Someone was on the stairs. And it couldn't be anyone but her Aunt Drusilla, for her room, opposite Spring's, was at the end of the north wing. No one else would have had occasion to pass Spring's door. The footsteps went on down, paused, then there was the faint scuffle of soft felt against hard flooring, and finally only the stillness.

Candlewood House was long and sprawling and Spring had been away for over a year. But she was determined to follow Drusilla and discover the purpose of these night prowls. If she was sick and needed help, or if Spring shivered in the cold hall. She tried not to think of the other possibility of her aunt's wanderings. If she thought too much about that twisted corpse on the stone bridge she wouldn't have the courage to grope through Candlewood House in pitch darkness. Something stronger than her good sense drew her toward the front stairs after that silent, creeping figure. She went back to get her flashlight from under her pillow, and holding it reassuringly in her left hand, she groped down the stairs.

CANDLEWOOD HOUSE was black as a cavern. She kept far to the right side, against the

wall, of the long, semi-winding stairs. There was no sound below. Ahead of her lay the stair landing, directly beneath the balcony outside her own room at the north end of the hall. There was a long, stained glass window on the landing, but no moon tonight to lay its white path across the lower steps. Beyond the window, dimly outlined against the gray night, there was only blackness and the constant, tiring beat of rain.

She was halfway to the landing, taking each step cautiously, when she saw the pattern against the window outline. Her breath stopped in her throat. Her hands went numb with a shocking, paralyzing fear. There was someone on the stair landing!

Spring pressed against the wall, terror winging through her whole being. Reason was a thing beyond her. There was no reasoning with fright, and Spring was afraid.

Then the pattern was gone and she tried to believe she had imagined it, that it had never been there, that no one could cross the tiled hall floor beneath her without her having heard. She was gathering her strength to move down another step when the board creaked. The step below her, or the one above, creaked with the weight of a moving body! Spring groped wildly for the wall, and then ran down the seven steps to the landing and on to the hall below. She ran blindly, without purpose, anywhere to escape the trap on the stairs. And then a scream tore apart the sleeping calm of Candlewood House.

The cry came again, and then there was stillness. Not quiet, but a dead heavy stillness that was even worse.

Spring flung herself across the hall, her flashlight on now, down the narrow north hallway toward the back of the house where the scream had sounded. She knew, intuitively, that it was from the back parlor. She threw open the door, her flashlight catching the

figure of a man. Spring screamed, it was Dirk's name that came, loudly, for help. Then, suddenly, she was ashamed. She had wakened the household for nothing. The figure her flashlight had found was the suit of armor standing stiff and silent against the wall.

THE others had wakened. She heard them running overhead, heard Dirk's voice above the others on the stairs, and she started to laugh hysterically. And then, as her flashlight jerked in her hand, she felt the blood running out of her veins, leaving her cold and sick. There on the floor, at the far end of the room, a figure lay face down in the unmistakable crumpled shape of disaster.

"Jo!" she screamed. "Jo!" The others came in, candles dancing weirdly and breaking up the darkness into waves of light and shadow. Dirks and Justen were across the room and bending over the figure on the carpet. Great Aunt Adelaide thumped her cane from the hall. Dirk lifted the girl carefully and laid her on the leather couch at the end of the piano.

"Jo!" Dirk called loudly, bending over the girl, and his voice seemed to be trying desperately to bridge the shadows between the world of the living and that swiftly approaching other one.

Spring knew, without being told, that Dirk was trying to out-race death. "Jo, what happened! Tell us what happened to you!"

The girl moved her head slightly with just a fraction of a motion as she struggled to recognize him. Her lips moved stiffly, but no sound came. She tried again. Those waiting within the parlor gloom made no smallest sound. And then, Jo whispered, in words that were light sighs from very far away:

"The... beav... er... moved... uh..."

And then she was gone

Forgers Have Busy Schedule With Teams From Jamestown And Corry At Wilder Field

Beginning with tomorrow evening when they play the Jamestown team of the City League at the State Hospital the National Forge baseball team has a busy schedule over the holiday weekend. Sunday at Wilder Field the Corry Aerials will be the attraction. July 4th brings the Jamestown All-Stars to Wilder Field for the second time this season. It will be remembered that on Memorial Day Forge won a 1-0 decision from this fast club, in what was claimed by many fans as one of the best games seen on a local diamond this season. As a result the second meeting is being arranged by popular request.

Corry, in the last two years, has been Forge's only rival for district honors. Forge won four out of seven games for the district title two seasons back and last year broke even in six games with three each. In the last two meetings the Forge victories were by

overwhelming scores and on that basis claimed the district title again. Corry wanted to share honors on the basis of games won and lost and nothing came out of it. The rivalry will be resumed when the two teams meet at Irvine Sunday. Cassett or Vern Group, ex-minor leaguer, will do the pitching. Hines will go to the mound for Forge.

July 9th will bring the Erie Brabenders (not Bartenders) leading team of the Erie district and Forge will have their work cut out for them. Other teams contacted for games in the near future are the Grays, Crawford, Monarchs all of Pittsburgh; Oakmont, leading Greater Pittsburgh League; Youngstown All-Stars who played the Pirates at Camp Reynolds; Dormont, Penn State College; Hobart College and Greenville. As soon as connections are made Warren fans will have a chance to see those teams in action at Wilder Field.

PONY LEAGUE

Buffalo, N. Y., June 28—(P)—Eleven runs in the first inning of the second game with Batavia started them on a 20-6 victory last night. Scores in three of six other Pony League games also climbed into double figures.

In the seven-inning opener Lockport handed the Clippers a 3-2 setback.

The Erie Sailors took both ends of a twin bill from Jamestown, 7-3 and 15-4. The second game was played under protest of Falcon manager Olie Carnegie.

Wellsville scored two double-figure victories over Hornell, 15-3 and 10-2.

The cellar-dwelling Bradford Blue Wings squeezed a 9-8 decision from Olean in another fire-hitting contest.

Today's games: Lockport at Batavia, Hornell at Wellsville, Bradford at Olean (2), Erie at Jamestown.

Double Bill Is Divided By Redwings

The local Redwings recently divided a double bill with the Kane Wolves. The Hilltoppers won the first mostly due to the sweet pitching job by Fragale, but the errors made by the Redwings gave it to the visitors on a silver platter.

The second game was a different story. With the Redwings finally finding the ball, also added to Julian's beautiful four-hit pitching, Warren was able to come out on the long end. Weidert sparked the team batting by collecting two hits for three times at bat, including a homer. He also made a nice running catch of a long fly ball in centerfield. Bonavita also had a field day at the bat, knocking in three runs on a triple and single.

A return engagement will be played in Warren when Kane has an open date.

Plenty Game Fish Awaiting State Anglers

Harrisburg, June 28—(P)—Plenty of fish and probably good stream conditions will greet Pennsylvania anglers when the bass season opens July 1. Fish Commissioned Charles A. French predicts. Some 600,000 new bass were stocked in state streams during the year in addition to those left there by a decrease in fishing last year due to war conditions, French said.

Fishing regulations for inland waters from July 1 to Nov. 30:
Bass—Small and large mouth, not less than nine inches, daily limit six.
Pike, Perch or Wall-Eyed Pike, not less than 12 inches, daily limit six.
Pickerel—Not less than 12 inches, daily limit six.
Muskellunge—Not less than 22 inches, daily limit two.

Brooklyn—Norman Green, 149½, Brooklyn, knocked out Phil Elzenzaga, 146½, Baltimore, (1). Joe Mull, 155, Brooklyn, outpointed Willie Grey, 154, Detroit.
New Bedford, Mass.—Pat McMeners, 132, Broomfield, Mass., outpointed Jimmy McLarin, 135, New Bedford, 10.

SPORT SHORTS

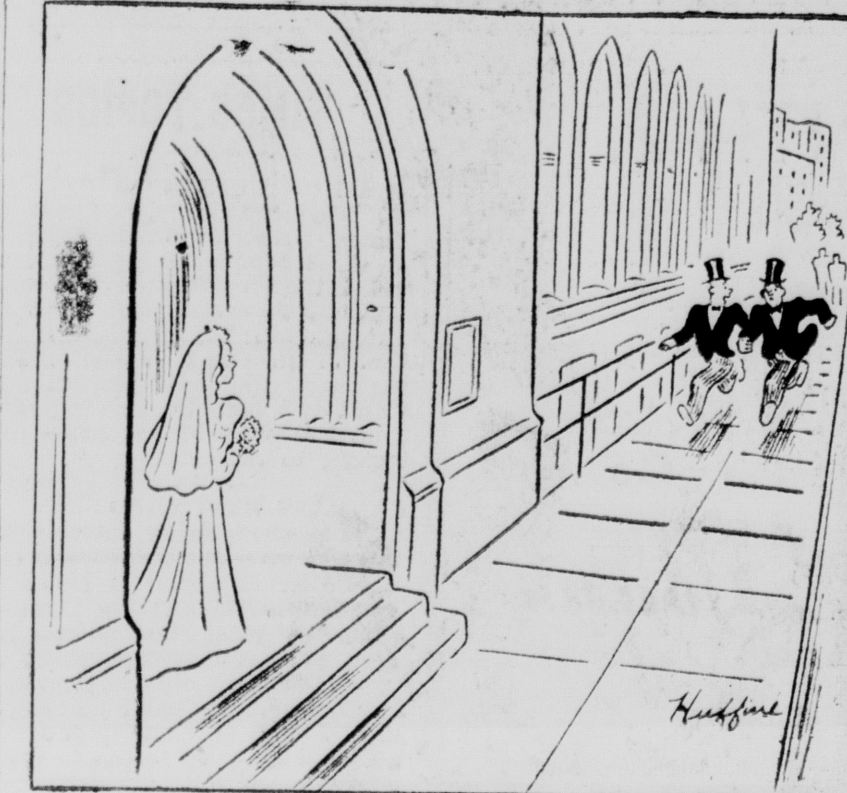

Stockholm, June 28—(P)—Sweden's most famous track runners—Gunder Haegg and Arne Anderson—are pitted against each other today for the first time in two years. They are to meet in the 1,500 meters for which Anderson holds the world record of 3:45 compared to Haegg's best time of 3:45.8. It will be Haegg's second race of the season.

Rye, N. Y., June 28—(P)—Ellis Knowles, 57-year-old New Yorker, goes after his third consecutive national seniors' golf championship today. The defending champion shot a sub-par 36-35-71 yesterday to lead the field in the first round. Paul Hyde, of Buffalo, wts second with a 34-40-74.

In that each minor league club would have first chance to sign any prospect in a designated territory ... If some other club wanted him badly enough to pay a big bonus, okay, but it would also have to pay the club whose territory was invaded—say, 50 per cent of the amount given the player ... see any objections?

Tommy Fitzgerald, Louisville Courier-Journal: "A former northwestern football coach says gridiron mentors could be a big help to the war effort by concentrating on developing frail youth instead of winning football games. Baseball Goes After Third \$500,000 War Relief Quota As Teams Resume Activities

By JACK HAND
Associated Press Sports Writer
Baseball goes after its third \$500,000 war relief goal tonight. Across the board in all four western parks of the National League, gate receipts go directly into war funds. Eastern parks of the National will do as much on July 26 and the American League will stage its 8-game program on scattered dates beginning July 7. Baseball has raised an estimated \$2,130,000 for the war effort including relief games by each club in the majors in 1942 and 1943, two all-star tilts and portions of two world series games.

St. Louis has a double feature in the playoffs of the "suspended" game of May 16 in addition to the regular tilt with the Phillies. Freddy Fitzsimmons' club held a 9-4 lead in the American League when the contest was called to allow the Phils to catch a train.

Max Lanier's win streak was unbroken and the "suspension" of play for a month enabled the Redbird ace to make it six in a row before losing although he had been belted of the hill and apparently beaten by the Phils. Fred Schmidt and Charley Schanz, who were pitching when the game was called, will go back to work tonight along with the same lineup.

Cincinnati has a twilight-night doubleheader with Boston as its war relief attraction. Chicago has a day double with Brooklyn and

Old Timers May Get Into Action Again

According to reports circulating through baseball circles of Warren Roy "Coney" Pearce is again active trying to line up another "old timers" team to play a game in Jamestown. Just how far he has progressed should be known within a few days. That there is something stirring for such a game is evidenced by the fact that many of the veterans who starred in local diamond games in years past are said to be attempting to limber up in an effort to get back into shape for another appearance.

Fans may have an opportunity to see the old timers in action on a local diamond before the curtain rings down on the present season. It is rumored that an effort is being made to stage a benefit game in honor of "Red" Swanson's birthday which is said to be coming up some time along about the last of August or first of September. Tentative plans provide for playing this game either at Russell Field or the State Hospital with the organization to receive the proceeds yet to be decided upon.

News that the old timers are again planning a return engagement will be learned with keen interest by baseball fans of the vicinity.

Pacific Coast To Have Pro Grid League

By RUSS NEWLAND
Hollywood, June 28—(P)—The Pacific coast, which sought but never obtained a franchise in the National Football League, finally has found its way into the big leagues—by organizing its own. The new setup, to be known as the American Professional Football League, will face a lot of problems next fall—manpower, transportation, etc.—but no professional football loop on the west coast, and there have been a number of them, has been so thoroughly planned or so financially strong as this one.

It's a brainchild of William (Big Bill) Freelove, aviation industrialist of Los Angeles, who is such a football nut he climbed into a grid suit a couple of years back and filled a tackle position to help out in a game. Freelove traveled up and down the coast interviewing prospective club owners, and came up with financially sound backers to take over franchises in Seattle, Portland, Oakland, San Francisco, Hollywood, San Diego and two in Los Angeles.

Best known of these franchise holders are George Zaharias, the ex-wrestler, who hung on to his money as tightly as he did to some of his opponents; and his wife, Mrs. Mildred "Babe" Didrikson Zaharias, star of half a dozen or more sports. They'll run the San Diego team.

Thirty-four of the 56 signers of the Declaration of Independence were lawyers.

Camp Planned For Girls Who Aid Farmers

C. C. Winans, of the Emergency Farm Employment service has been contacted by the Division of Agricultural Extension relative to girls from this area attending a camp to be opened four miles east of North East. Arrangements have been made to recruit a number of girls here and to transport them in a bus to the camp which will be known as Dorn's Villa. One hundred girls and supervisors are wanted and the girls will move into the camp next week. They will be employed in the picking of cherries, tomatoes, prunes, peaches and apples. It is expected that 25 will be enrolled in this city.

The girls will be paid at the rate of 50 cents the hour; picking cherries 20¢ per pound; tomatoes 7¢ per half bushel or by the hour; grapes 12¢ per crate; peaches by the hour. An average worker should pick 250 pounds of cherries or 80 baskets of tomatoes or 50 crates of grapes per day.

Cost of meals and lodging will be \$10 per week and workers will be under supervision at camp and on the farm. Field supervisors will instruct the workers on their work in the field.

A recreation program is being developed in addition to the sand beach of Lake Erie where there is no undertow and water is less than five feet deep for a quarter of a mile off shore.

Applications should be made as soon as possible to C. C. Winans.

There are also a number of farmers in Erie county who can furnish housing for the cherry picking season to adult groups or families who desire to go there to work. All inquiries for this group should be made to George Pier, 204 Masonic building, Erie.

S. A. Bible School Ends With Outing

The Salvation Army Daily Vacation Bible School ended today with an enrollment of 67 and a average attendance of 54 daily. One of the high spots for the children was a picnic held today at the South Side Playground with 62 in attendance. All the food and refreshments were furnished by the Salvation Army.

Much credit throughout the two weeks. The first day there were 47 present and the closing day there was 62. The instructors were Mrs. Miss Gross, Mrs. Goldie Morse, and Miss LaVern Miles, Captain and Mrs. Brandenburg were in charge of the school.

TANK COLUMN CUTS THROUGH ENEMY LINES

Clash Blazing In Open Country May Decide Fate of German 15th and 17th Armies

PLANES LASH RESERVES

BULLETIN
Supreme Headquarters Allied Expeditionary Force, June 28—(AP)—The Allied supreme command estimated today that the total prisoners taken on the Cherbourg peninsula would be between 30,000 and 40,000.

By WES GALLAGHER

Supreme Headquarters Allied Expeditionary Force, June 28—(AP)—British tank columns burst two miles through the Germans' Odon river line and engaged the enemy in the greatest armored battle of the liberation campaign four miles southwest of Caen today.

The clash blazing now in open country may decide the fate of a large part of the German 15th and 17th armies. The enemy had grouped four armored divisions around Caen, his eastern Normandy stronghold, 120 miles from Paris. Carving down southwest of (Turn to Page Seven)

Final Breach With Finland Appears Near

By JOHN M. HIGHTOWER

Washington, June 28—(AP)—American relations with Finland were at the breaking point again today. Some officials predicted the final breach between this country and its long-time Scandinavian friend would be made in a matter of hours.

The Finnish government's announcement last night that it had reached a "perfect understanding" with Nazi Germany and that their fight against Russia was described by advocates of a break as "the last straw."

At the state department it was said the announcement ended all hope of getting a Russo-Finnish peace on any basis short of Finland's complete defeat.

Finnish policy moved to the fore again just as diplomatic officials became reasonably certain of another development in the rapidly shifting European political picture—that General Charles De Gaulle now is almost certain to visit President Roosevelt here the first week in July.

All-Out War Places Heavy Strain On Boche Oil Stocks

By GLADWIN HILL

London, June 28—(AP)—Capitalizing on lessons learned in Tunisia, where the Nazi war machine collapsed in a welter of stalled trucks and grounded planes due to an oil shortage, the Allies are making an all-out effort to speed Germany's final surrender by again draining away her military lifeblood.

Allied air chiefs directing this campaign say there already is an "acute shortage" of oil in Germany, but beyond this they will not go in assessing the situation. Britain's ministry of economic warfare, however, has estimated German oil production has been cut to one-third of maximum and the Nazi army is getting less than half the oil it requires for normal operations—let alone the present tremendous defensive enveloping

Fifth Army Is Slugging Way To the North

By NOLAND NORGAARD

Rome, June 28—(AP)—San Vincenzo, only 32 miles below the big port of Livorno on the Italian west coast, was wrested from the Germans after a bitter house-to-house battle that lasted for several hours last night, and today the Fifth Army was reported slugging its way steadily forward.

San Vincenzo had been converted into a fortress by the Nazis, who had evacuated all civilians, then erected barricades and wire entanglements in front of the defenses.

Farther inland an American armored force continued to roll back stubborn enemy resistance and occupied the villages of Chiusdino and Travale. Chiusdino is only 17 miles southwest of Siena, key highway and communications center 31 miles below Florence.

Supported by Italian partisans, an American infantry force bypassed, then surrounded and captured the town of Sasseta, four miles northeast of San Vincenzo, despite its defense by elements of the German 17th SS division, identified in that sector for the first time.

The Eighth Army continued to move forward slowly against fierce opposition at the main points of its attack. West and southwest of Lake Trasimeno, the Gioiella and Porto.

OPA VIOLATION

Pittsburgh, June 28—(AP)—Patrick E. O'Leary, OPA district enforcement officer at Altoona, filed a suit for treble damages totaling \$1,210.74 against Albert Ferraro of Brookville in federal court yesterday. The complaint alleges Ferraro sold bananas to retail dealers the amount of \$403.58 in excess of ceiling prices. Judge Neilson Novick set July 25 for a hearing.

Stockholm, June 28—(AP)—A break in relations between the United States and Finland seems certain, reliable sources said tonight in view of the joint declaration of solidarity between Helsinki and Berlin. No instructions had reached Helsinki from Washington, however.

for it is facing on all fronts. Since that information became available, the Allied Air forces have dealt some of their heaviest blows against enemy oil production. Germany's normal oil supply (now reduced by two-thirds) is estimated at about 15,000,000 tons annually—one-third from Romania, principally the great Ploesti fields which have been the target of repeated attacks during the past year; one-third from small German, Austrian, Hungarian, Polish and Estonian fields, and one-third from synthetic plants in Germany.

Damage to installations is constantly being repaired, however, and there always is the impendable question of the reserves that Germany has been able to store up to meet the situation now developing.

STRONG AIR SUPPORT AIDS SOVIET DRIVE

Hour After Hour Giant Stormoviks Plaster Enemy Tanks on Gateway City To Warsaw

PROGRESS IN NORTH

By EDDY GILMORE

Moscow, June 28—(AP)—Supported by one of the greatest air attacks ever hurled against the Germans, on the Russian front, the Red army closed in from three directions today on Minsk, the capital of White Russia.

Dispatches from the front said probably never before had stormoviks (dive bombers) been thrown with such strength and effectiveness against Nazi armored forces. Hour after hour they were reported searching out German tanks, plastering them in mass with their flying artillery and blasting the way for four armies converging in a great semi-circle on the gateway city to Warsaw and Germany.

Two of the most astute students of aviation in the Red air force, these young officers were reported throwing clouds of divebombers and medium bombers against the German ground troops and fortifications, blasting bridges and stranding communications lines over a wide area.

The third thrust to Minsk came from Gen. Konstantin Rokossovsky's First White Russian army, driving up from the southeast over the Minsk-Gomel highway and railway.

A tremendous aviation force was likewise in the battle along this front.

Rokossovsky's army has pushed ahead toward Minsk, its advancing units about 75 miles away, while other units mopped up and surrounded a group of five German divisions just southeast of Bobruisk, which is tottering with Russians already in its streets.

Strong air support was thrown also into the battle for Mogilev, where Gen. Georg Fedorovich Zakharov's Second White Russian group, 1,500 men, was fighting.

Rehabilitation Continues In Tornado Area

Pittsburgh, June 28—(AP)—Relief and rehabilitation of homeless tornado victims in three states continued today while the death toll of last Friday's destructive "twisters" rose to 155.

Another death at Waynesburg, Pa., increased the Pennsylvania fatality toll to 43. The West Virginia toll jumped to 100 with a death at Shinnston. Three were dead in Garrett county, Md.

Included in the West Virginia total were four victims whose bodies were dragged from the West Fork river between Shinnston and Fairmont yesterday. State guardsmen and volunteers continued to search the stream for other missing.

In Washington, Pa., Herbert Carmen, Red Cross disaster relief representative, announced permanent relief headquarters would be set up in Clarksburg, W. Va., tomorrow to consolidate rehabilitation work for seven Pennsylvania counties and eight West Virginia counties.

All army troops assigned to patrol the tornado area have been withdrawn, Col. Lucius McK. Crumrine, executive officer of the Third Service Command announced. State, county and municipal police and civilian defense volunteers remained on the job, however.

BEAVER FALLS QUARANTINE

Beaver Falls, June 28—(AP)—Health Officer H. Burt Plummer has declared a 100-day quarantine on all dogs in the city in an effort to forestall spread of rabies into Beaver Falls from outlying sections where cases of the disease have been reported. No reports of rabies have as yet been received within the city, he said.

Empire State Executive Is Ready To Fly To Chicago

Albany, N. Y., June 28—(AP)—Governor Thomas E. Dewey was to leave by chartered plane about 3 p. m. today for Chicago to accept tonight the Republican nomination for president.

The approximate departure time was fixed soon after the convention delegates had nominated him. The trip was expected to take about four hours.

The governor, his bags packed, listened by radio in the executive mansion to the speech of Gov. Dwight Griswold of Nebraska, placing him in nomination.

Gathered at the mansion prepared for a quick trip to Albany airport, were those accompanying him to Chicago. They included Mrs. Dewey, several of the governor's aides, newspapermen, photographers and bodyguards.

Events at Chicago, indicating the nomination of Dewey earlier than expected here, resulted in a decision to speed final preparations for flight.

The 21-passenger plane will stop at Cleveland to refuel.

Meanwhile, the weather bureau predicted the air voyagers would encounter stormy weather on the trip.

In Chicago Dewey was slated for speedy conferences on his preference for the vice presidency. In Albany he maintained his "no comment" attitude on this subject, as he did yesterday on the foreign policy plank in the party's platform.

Dewey's previous declaration that he was "wholly and exclusively" concerned with his duties as governor of New York led Capitol observers to predict he would not resign his office once nominated for the presidency.

Guam, Rota Again Blasted By Americans

By J. B. KRUEGER

Associated Press War Editor
American planes have again raided Japanese-held Guam and Rota islands south of invaded Saipan, Tokyo radio said today.

The unconfirmed report said 60 to 100 American aircraft struck at Guam and that 60 hit Rota to the north Tuesday. These were the third raids reported on these islands in four days, suggesting that the American navy was clearing the way for further expansion of its holdings in the Marianas group, 1,500 miles from Japan.

On Saipan U. S. Marines and infantrymen at last report were meeting stiffer opposition from Japanese garrisons dug in along a mountainous, cave-lined front roughly halving the island.

Coupled with the report, Guam-Rota roads was an air blow at Yap from Gen. Douglas MacArthur's southwest Pacific theatre. MacArthur's airmen bombed Palau and Waleai, wrecked a Jap freighter off Boerco island west of New Guinea, damaged three other vessels in the east Indies, and at-

"Front Man" Is Much In Doubt

By JACK BELL

Chicago, June 28—(AP)—The piquant question of who will be the "front man" for the Republicans in the 1944 presidential campaign came up today.

Nobody had much doubt that Gov. Thomas E. Dewey of New York would become the presidential nominee. But the choice of Dewey's official campaign Boswell, formally known as chairman of the Republican national committee, ran into almost as many complications as that involving the selection of a vice presidential candidate.

One report seemed to stand out. The Dewey backers attending the GOP national convention were highly unenthusiastic about retaining the present chairman, Harrison E. Spangler of Iowa.

The circumstances are that J. Russell Sprague, New York national committeeman and Dewey bandwagon driver, has a home state job he is reluctant to leave.

SHUTTLE RAIDS STRUCK FROM THREE POINTS

Avowed Purpose of Night and Day Assaults Is To Flatten Every Nazi Air-drome In France

BUCHAREST IS TARGET

By AUSTIN REALMEAR

London, June 28—(AP)—American bombers struck the enemy hard today in France, Romania and Bulgaria in mass attacks from Britain and Italy close upon disclosure of the first three-way shuttle assault of the war.

A cloud of 750 or more Flying Fortresses and Liberators soared widely over France and western Germany bombing three airbases near Laon, targets near Paris and rail yards at Saarbrücken. By night, 1000 RAF heavy bombers attacked the Calais robot bomb spawning grounds and rail centers east and south of Paris. The avowed purpose was to flatten every Nazi airbase in France and tangle every rail junction.

From Italy, 500 American heavy bombers with escorting Mustangs, Lightnings and Thunderbolts attacked two oil refineries near and in the Bucharest suburbs and rail yards at Chitila north of the Romanian capital on the main line to the Ploesti oil fields, 35 miles away. The Germans said Bucharest and Ploesti both were bombed. The Karlovo airbase in Bulgaria 75 miles east of Sofia also was attacked.

Allied air commanders in Britain, even before today's attack, said the Germans were suffering an "acute shortage" of oil.

The triple shuttle bombing smashed Berlin a week ago and a Polish oil refinery Monday.

America's vast air power was demonstrated in the operation Monday—and disclosed only today—that sent Flying Fortresses thundering out from the new bases in Russia, plastered the refinery at Drobovycz, 45 miles southwest of Lwow in old Poland, and carried them on to Italy to complete the mission without loss.

The bombers were those that flew from Britain on June 21 and gave Berlin one of its most terrible poundings of the war before going on to Russia.

The daylight offensive from British bases featured a triple attack by at least 750 American heavy bombers which loosed "explosives on airbases in France after the RAF had hurled 1,000 planes against two key rail centers in France and rocket installations (Turn to Page Seven)

Hoover Talk Is Scathing Denunciation

Chicago, June 28—(AP)—Herbert Hoover was back in the political lists at 69 today after delivering the most scathing denunciation of the Democratic administration yet heard at the Republican national convention.

In a "right until I die" speech, the only living former president told a cheering crowd of partisans last night that only by an up-setting of the Roosevelt administration "will our returning soldiers find freedom preserved at home."

The New Deal, Hoover said, "forged shackles for the liberties of our people."

Observing that nationalism is rising, he said "ideas of world super-government, no matter how idealistic, are already dead from these cold blasts of realism. Peace must be based upon cooperation between independent sovereign nations."

But it is obvious, he said, that there must be "some sort of world organization to preserve peace."

FATALITY NEAR BUTLER
Butler, June 28—(AP)—William Mackrell, 27, was killed and his companion, Norbert Baumgart, 30, injured seriously yesterday in a collision between their automobile and a truck-trailer on Route 68, seven miles east of here.

Convention May Decide on Ticket Before Nightfall

Ohio Executive, In Dramatic Appearance, Receives Tremendous Applause As He Announces His Withdrawal

STASSEN FORCES ALSO ELIMINATE CANDIDATE

Chicago Stadium, June 28—(AP)—Governor Thomas E. Dewey of New York was nominated for president today by a wartime Republican national convention that was his from the start by a vote of 1,056 to 1—a lone Wisconsin vote going to General Douglas A. MacArthur.

The 42-year-old mustached gang-buster swamped all opposition as state after state roared out their votes amid the traditional accompaniments of bands, klieg lights and bake-oven heat.

Another governor—tall, handsome John W. Bricker of Ohio—was slated for the vice presidential nomination after forsaking his own drive for the No. 1 spot.

It was Dewey all the way, and the roll-call was just a formality after the riotous, hand-led snake dance which followed nomination of the Michigan-born attorney by Governor Dwight Griswold of Nebraska.

"Dewey's the people's choice" read the big placards carried by his supporters around the jam-packed convention floor.

"What'll We Do, What'll We Do, On a Dew, Dew, Dewey Day?" questioned a brass band, and the delegates took that for their theme.

Dewey was formally placed in nomination for president, Governor John W. Bricker promptly announced his own withdrawal—and the 23rd Republican national convention sped smoothly as a well-oiled machine today toward a Dewey-Bricker ticket for the fight to regain the White House this fall.

In a dramatic convention appearance to tremendous applause, at the termination of a rousing demonstration which greeted the nominating speech for Dewey, the tall Ohioan strode to the speaker's stand, looked steadily over the vast reaches of the seething convention hall, and said:

"I am deeply grateful to the many friends who have expressed (Turn to Page Seven)

New Yorker Is Nominated By Gov. Griswold of Nebraska

Chicago, June 28—(AP)—Gov. Dwight Griswold of Nebraska formally placed Thomas E. Dewey in nomination for the presidency of the United States at the Republican national convention today, declaring the New Yorker will win in November and become the man of the peacetime American future.

"This man will win," said Griswold, "because he is faced in the direction the American people want to go."

Extolling the 42-year-old Dewey, he said the Republicans are offering the nation "youth instead of decadence, vigor instead of complacency, integrity instead of double-dealing, seriousness of purpose instead of flippancy."

Anticipating a Democratic slogan "not to change horses in the middle of the stream," Griswold observed:

"There are now 26 Republican wartime governors. In these states, the people did not change horses; they changed vehicles."

For times like these, he said, "and in a stream like this, transportation by horse is not good enough."

When the American people want to go places, Griswold declared, "trust them to get off the horse and take a speedboat."

"In naming this man, we are not merely choosing a candidate—we are choosing a nominee who cannot fail to win. The direction of the war is already set and it will not be changed by the coming election. But the election will change our direction here at home. We are here to name a president a man whose character and record give assurance that this nation will now go forward to a greater future."

Without naming President Roosevelt, Griswold said "the past will have its spokesman in this campaign" but the Republicans propose in Dewey to have "the spokesman of the future."

He praised Dewey's record as a racket-busting prosecutor who "broke the alliance between corrupt politics and crime" and declared:

"What a house cleaning this nation needs and what man to do the job!"

Willkie Sends Congratulations

New York, June 28—(AP)—Wendell Willkie telegraphed congratulations to Governor Thomas E. Dewey today soon after the New York governor's name was placed in nomination for the presidency at the Republican national convention.

Except for the telegram, there was no other indication how the 1940 Republican presidential candidate, who quit the race for a second nomination after being defeated in the Wisconsin primary, viewed the nomination or what part he might play in the forthcoming campaign.

Washington, June 28—(AP)—The United States attitude toward Argentina drew more taut today with the recall of American Ambassador Norman Armour. Armour is expected to leave Buenos Aires today or tomorrow. He was ordered home for consultations.

PITTSBURGH TO PAUSE IN PRAYER TOMORROW
Pittsburgh, June 28—(AP)—Pittsburgh citizens will pause for a moment at 11 a. m. tomorrow to offer their first daily prayer for "our loved ones, a speedy victory and a just and lasting peace."

A Catholic priest, a Protestant minister and a Jewish Rabbi each will give invocations. Mayor Cornelius D. Scully has requested 373 churches to ring bells and 80 industrial plants and 60 fire stations to blow whistles and sirens heralding the occasion.

Ammunition To Be Given To Hunters

Outdoorsmen who have sorely missed ammunition for their shotguns and rifles since the United States entered the war will be cheered by information from officials circles that some will be available soon. During the first quarter for this year ammunition plants turned out 120,000,000 shot-gun shells and 20,000,000 center fire rifle cartridges. A complaint heard in agricultural sections has been that 22 calibre rifle cartridges to shoot predatory animals have not been procurable. It was announced that 200,000,000 have been manufactured. As yet ammunition for sportsmen is not available, the backlog having been set aside for farmers. But the

War Production Board announces that ammunition for sportsmen will be released before the hunting season next fall. This easing of the ammunition situation is attributed to the tremendous output American factories have developed to supply the armed forces.

Odd Fellows Old Timers' Night Enjoyed

Over a hundred members of Odd Fellow lodges from eleven towns braved the heat to attend a most successful "old timers" night program held by Warren Lodge No. 339 last evening.

Highlight of the event was the presentation of a 50-year jewel to J. P. Brooks, of this city, who first affiliated with the order in Youngsville in June, 1894. The presentation was made in an entertaining and interesting manner by Addison White.

The committee in charge had arranged for the veteran members to be designated by lapel cards adorned with a star showing the number of years they had been affiliated. Those who were not considered among the "old timers" had yellow cards showing the years they had been Odd Fellows.

During the evening a songfest was led by Russell Templeton, with Rev. Philip W. Schlick, of Russell, at the piano.

The third degree was exemplified for two candidates, one being from Warren and the other from Russell.

Many of the old timers made brief remarks, one being a visitor from Buffalo who stated that he has been a member of the order for 58 years. Visitors were also heard from Clarendon, Russell, Youngsville, Sheffield and Bradford.

The meeting opened with Noble Grand Walter Strong presiding, and later the program was turned over to Boyd Sanden who acted in the capacity of master of ceremonies.

At the conclusion a delicious luncheon was served, the feature being a table arranged for the old timers headed by J. P. Brooks, with a large cake in the center decorated for the occasion with three links and the numerals "50" in the center.

The party was one of the most successful held in recent years by the lodge, credit for which goes to the committee chairman Boyd Sanden and his coworkers, Edmund Baird, Seth McCartney and Howard Kinkaid.

Spring Creek Soldier Dead In Normandy

The second invasion casualty reported of a Warren county soldier is that of Pfc. Joseph Gurdak, son of Mr. and Mrs. Michael Gurdak, of RD 1 Spring Creek. The news was conveyed to the family in a telegram from the War Department which arrived at their home Monday evening.

It stated that their son had met death on June 8 during the most desperate fighting which marked the third day of the invasion of Normandy by the American and British forces in securing a beachhead. He had evidently been killed instantly as the message stated he had met his death in France.

Three other brothers are in the service, all four sons of the family having gone to the Army. Two of the brothers, Andrew and Stanley, have been with units stationed in England for many months and may have also participated in the invasion assault. The fourth brother, John, is now stationed at an Army base in Florida.

Besides the three brothers, Pfc. Gurdak is survived by his parents, Mr. and Mrs. Michael Gurdak, and by two sisters, living at home. He had been in the service for about two years.

Heavy Rails Being Laid On Pennsylvania

Workmen of the Pennsylvania railroad are engaged in laying heavier rails on the local division of the Pennsylvania railroad. The heavy rails have been in use for some months past have played havoc with the light rails which were in place. The new rails weigh 30 pounds to the yard more than the rails which they are replacing. New ties are also being laid 18 inches from center to center instead of 22 inches as formerly placed.

The work is being done with a special train and crew of workmen. The train carries a large amount of mechanical equipment which shaves off the old nuts from the track bolts, places the rails, tamps in the ties and does a large amount of work that was formerly done by man power. The train started its work at Irvine and is now working east of this city. It is also expected that the west bound tracks through Warren will also be relaid.

Much speed is being shown in the work as during the time it is under way the traffic is being held to a minimum as far as possible.

EDWARD PERSSON IN A NEW HIT

Thanks to Clipper mail from Sweden via London to New York, Scandia Films Inc. now happy to present the very latest films from Sweden. The first film off the Clipper is a new Edward Persson film, "Soliga Solberg" (Sunny Sunberg) where Edward like always, plays the leading role. It is indeed a good omen that Scandia Films Inc. has managed to get this Swedish hit over here. It means quite a lot for Americans of Swedish descent, especially for those born in Sweden, to get a greeting through the film and Edward Persson, from the old country. Because now-a-days no newspapers or books come this way from Sweden and letters are very scarce. Therefore it is with pride that Scandia Films Inc. presents this new film that shows Sweden of today, but above all, Sweden's leading film comedian at his very best.

As always when Edward Persson leads a picture, he attracts most of the attention. His antics, his enormous good heart, his inging and his happy smile are simply captivating and he walks through the whole film just like himself, a little spoiled perhaps, but always beaming with delight.

Of course the director of the film has surrounded Edward with the best of the Swedish Film Colony has to offer with charming Anna-Greta Krigstrom as the leading lady star.

"The Workers of Sweden" and "Sing and Smile" are two very well chosen shorts that round out a first class program, which should go far to further strengthen the ties between Sweden and that part of Sweden in America which still takes pride in keeping up Swedish traditions, whether they are song, dancing, music or film.

"Soliga Solberg" is sunny indeed, and a welcome film. It will spread sunshine in many a heart. At Columbia Theater Thursday and Friday.

YOUNGVILLE NEWS

Youngville, June 26—The girls of the intermediate department of the Methodist Sunday school organized at a picnic supper meeting held Sunday at 5:30 in the afternoon. They formed a junior missionary group. This is sponsored by the Women's Society of Christian Service, and will have as its leader the girls work secretaries, Mrs. Sherwin and Mrs. Donald Bard. The officers elected were: Mary Caldwell, president; Yvonne Schnell, vice president; Phyllis Doud, secretary; and Carol Ann Zeliff, treasurer. A short talk was given on the theme of the work of Missionaries, showing how they had changed the history of the world and illustrated by the changes of China. The coming Institute at Allegheny college, Meadville, from July 10th to 16th was also described with the hope that the group may be represented at this institute.

At 7:00 p. m. the group went to the home of Mrs. Carolyn Reynolds where they joined with the other members of the Youth Fellowship in an out door service of song and worship.

First Report On Results Of Bond Drive Being Compiled

Work of compiling the first returns of the Fifth War Loan campaign in Warren county is nearing completion and the results of individual sales to date will be available within a day or two, it was announced today by the Warren County War Finance Committee.

Early returns indicate that the industries and business firms of the county are responding in excellent fashion, but it is feared that the total of bonds sold to individuals will be lower than comparable figures from the four previous War Loans. Lagging returns from workers in some zones may be accountable for this condition, and members of the county committee are reluctant to believe that fewer bonds will be purchased by individuals.

Reports from some districts of the town and county reveal that there are many residents who have not been called upon by a Block Service Worker or a county team member. War Finance Committee headquarters urged today that all workers complete their house-to-house canvass by June 30th.

The local office also requests that volunteer workers bring or send to the office, 201 Warren National Bank Building, all orders which they now have, so that the bonds may be issued promptly.

To avoid congestion at the issuing agencies during the last few days of the Fifth War Loan, all Warren county residents who have given orders for extra war bonds are requested to secure them from their bank, postoffice or other issuing agency.

Russell Scout Is Given Advance

Scout Kenneth H. Pearson of Russell Troop 14 was advanced to the rank of Life Scout following the advanced review board held late Friday afternoon at the Scout office, it was learned today from H. L. Blair, chairman of the Scout advancement committee of Warren County Council. Boy Scouts of America.

In presenting his application for this recognition of achievement Scout Pearson indicated that he had become a first class Scout in November 1942, Star Scout in June 1943 and had completed the work necessary to merit the following Merit Badges: first aid, athletics, personal health, public health, life saving, safety, civics, firemanship, pathfinding and swimming.

The award of the rank of Life Scout will be made to Scout Pearson at the September meeting of the Council Court of Honor.

Two Musical Instruments Are Found

The VFW band will toot along in the accustomed way and the brass section will be just as strong as ever as police yesterday recovered the two trumpets which were stolen from the VFW vestibule Monday night. The two trumpets were valuable instruments and yesterday police found them in their cases intact hidden under the band stand in the Soldiers Memorial Park at the Hickory street bridgehead. The thief evidently had quickly hidden them after taking the instruments from the vestibule and had planned evidently on picking them up at a later time when the hue and cry had died down. A fellow in the lockup is rather suspected of being the one who picked off the tooters and he will be questioned relative to the matter.

Police also picked up a fellow at the South end of the Hickory street bridge last night after their attention had been called to the fact that he was acting in a suspicious manner. The fellow was lurking behind trees and bushes in the deep shadows. He said he was waiting for a girl. Police are inclined to think that is true as reports of late have been to the effect that some fellow had been whistling and calling to girls in that section of the city.

Convention Off To Dull Start; Lacks Zip and Young Blood

(EDITORS: This is one of a series of daily Peter Edson columns, date line Chicago, which you will receive from this NEA bureau during the Republican National Convention. The columns are telegraphed to Cleveland for rapid delivery to your paper. Intimate sketches of convention figures by NEA Artist Walt Scott, transmitted to this bureau by telephoto, will illustrate each Edson story.)

By PETER EDSON
Times-Mirror Washington Correspondent

Chicago, June 26—The duller Republican political convention within the memory of living man gets under way here today.

The preliminaries have been even duller than that. No decorations, no bands, no elephants, no parades, no fight, no pep, no good.

For a week before the opening of the actual convention in the Chicago Stadium, what activities there have been have centered in

the recently reopened Stevens Hotel, and it is as predicted, a mess. People mill around in the airless lobby for whatever reason it is that people at conventions mill around in airless lobbies, when they might be outside breathing fresh air and enjoying the breezes and sunlight on Michigan Boulevard.

They stand in line by the half-hour, waiting for reservations at the two out of six room clerks' windows open for business. Rooms aren't vacated, and aren't made up at 8 p. m. when they are vacated. The Republicans at this convention are literally not only going to have to lie in their own beds. They're going to have to make their own beds. Linen closets on some floors are bare of clean towels. If you wash, you dry on your handkerchief. There aren't even any Gideon Bibles in the rooms for solace.

Up on the 25th floor is the headquarters of the New York Dewey-

for-President delegation. Most significant thing about it aside from its air of desertion and barrenness is a telephone switchboard with a number all its own. Harrison 3620, in case you want to call them up. Gov. Thomas E. Dewey, sitting in Albany, is apparently figuring on capturing the convention the same way Hitler used to conquer Balkan countries—with a telephone call.

Gov. John W. Bricker of Ohio—the only avowed candidate who wants the presidency and thinks he's going to get it—has a suite on the tenth floor, a press room on the fourth, and the Grand Ball Room. His enthusiastic backers are doing what they can to make this look like a convention fight, but on the eve of the convention opener, it was considered mostly shadow-boxing.

They have a "John Bricker from A to Z" kit, complete with a two-dollar biograph, an actual buckeye imprinted with "Bricker" and

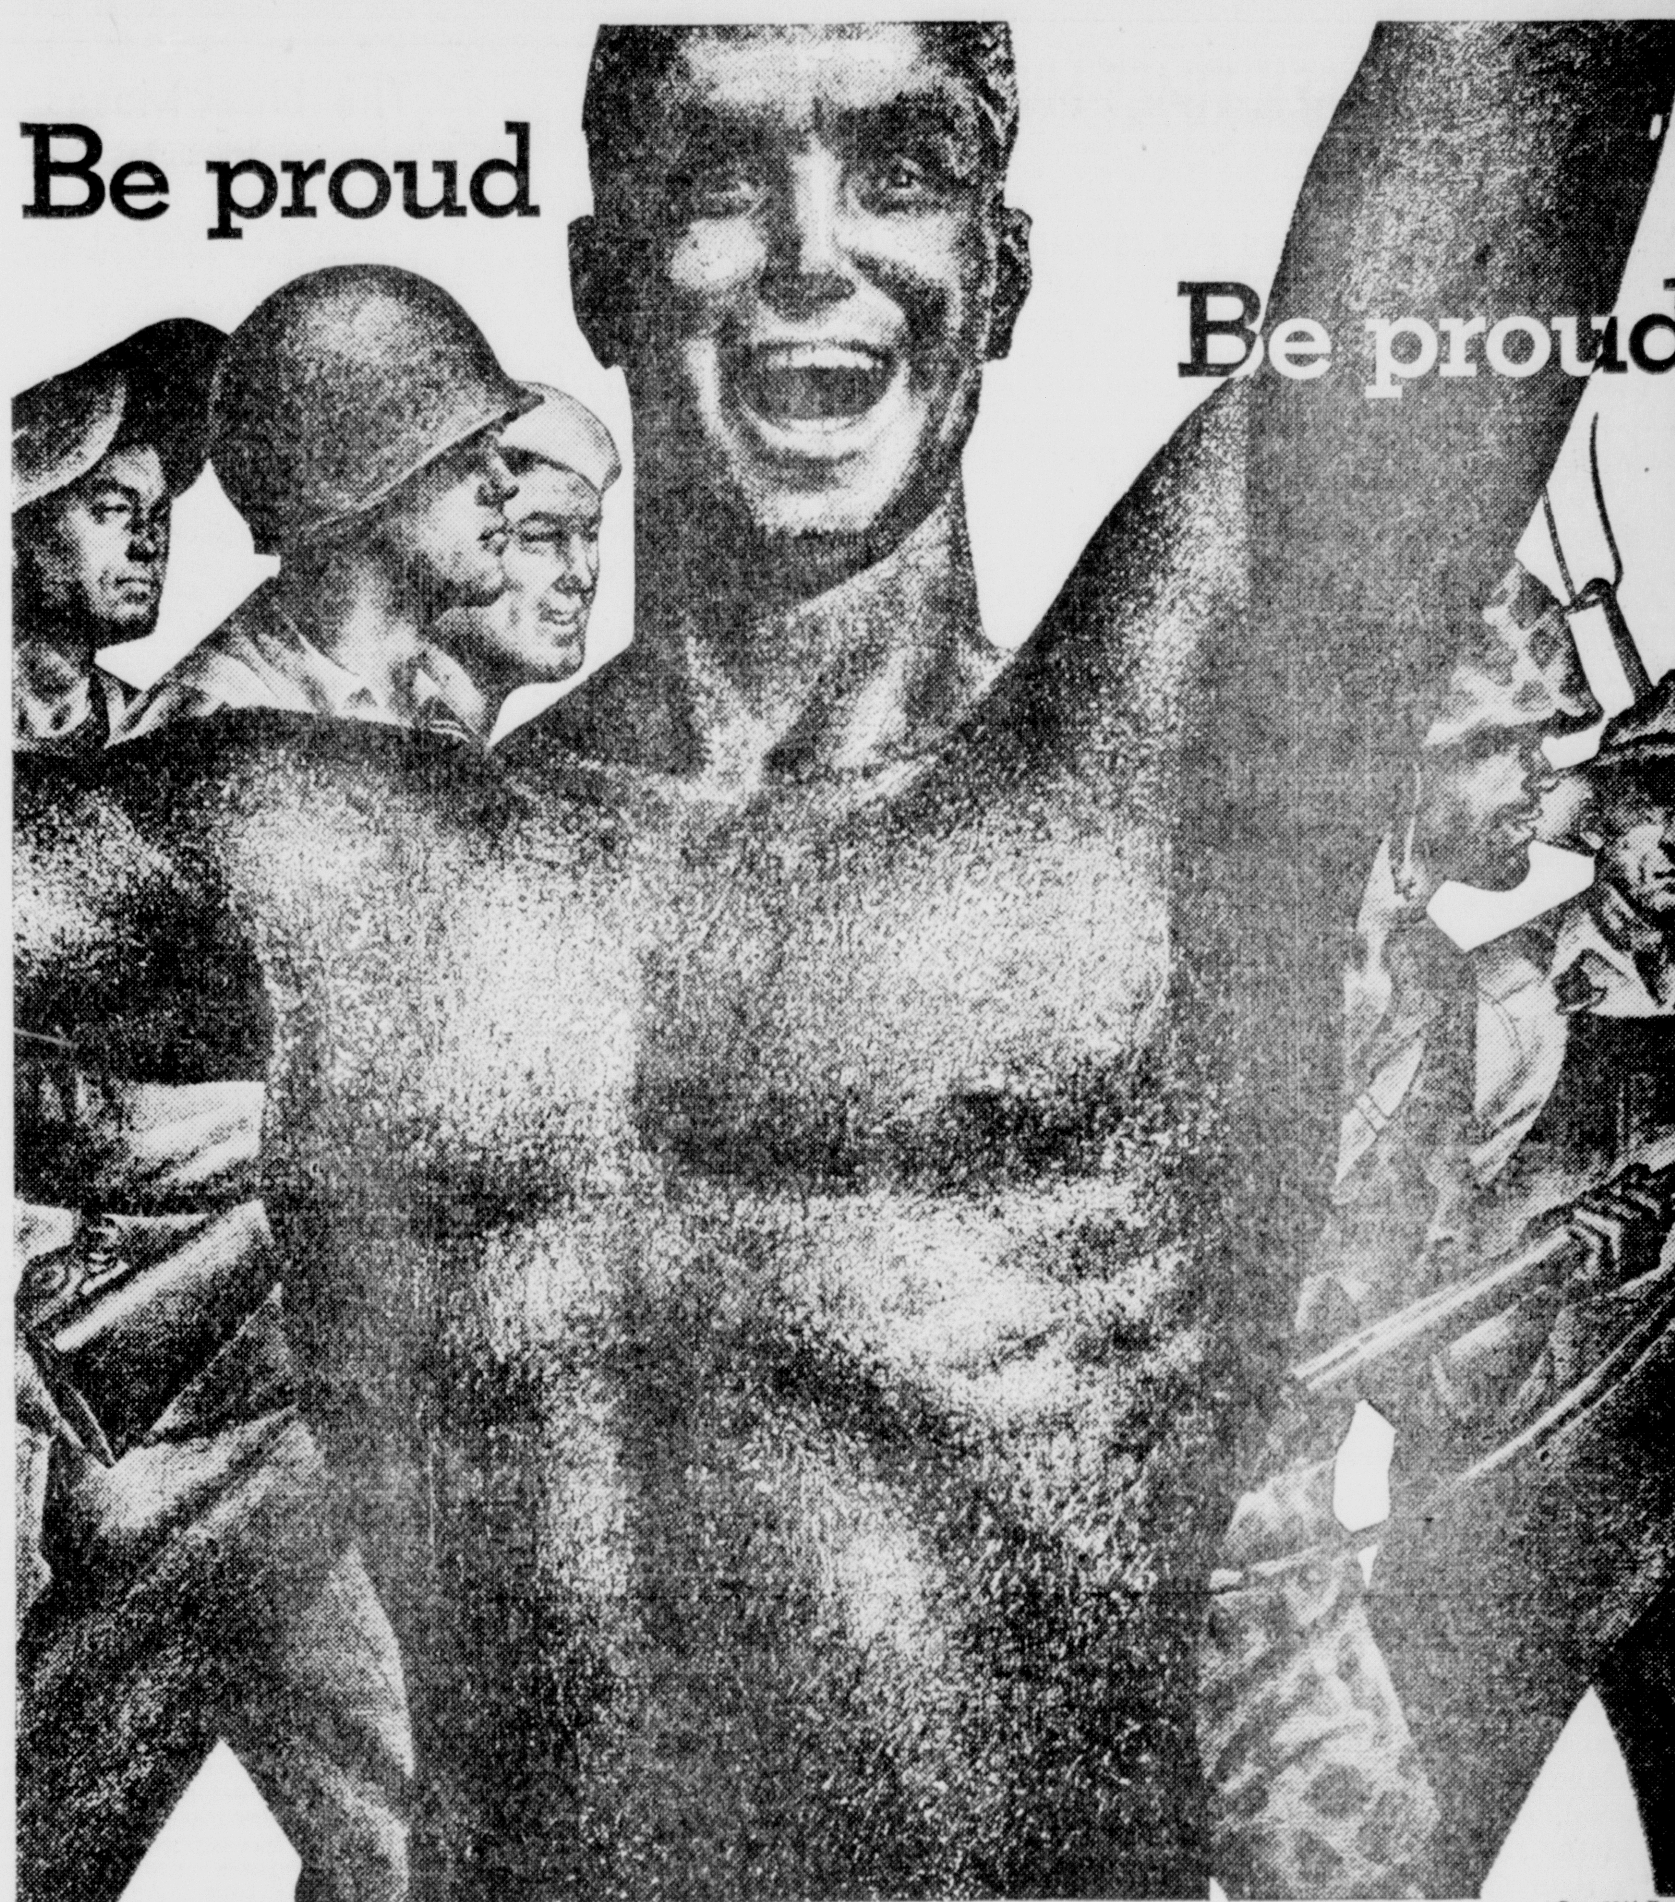

a big button, "Be a Bricker Backer," which you have to spell out and pronounce carefully to avoid confusion with bric-a-brac.

Governor Bricker looks good and he goes about beaming and sparkling through his big blue eyes, radiating what goes for the Republican version of confidence.

Dr. R. C. Radabaugh of Hastings, Minn., is for ex-governor; now Comdr. Harold E. Stassen, in a big way. But even the doctor's 300 pounds can't give Stassen enough delegates to do him much good, and about the only way the convention would reach him way out in the Pacific if it wanted to tell him or ask him anything would be to send him a V-mail letter.

Congressman Everett M. Dirksen of Pekin, Ill., is for Congressman Everett M. Dirksen for president, but few others are.

Gracious Marian Martin, with the most beautiful head of gray hair you ever saw, is trying to do things for the women delegates

Be proud

The world went mad...
Hate, hunger and misery darkened the sun.
Children walked the streets of Europe...
Sleeping on doorsteps, searching for crumbs.

Then out of the New World came a new hope...
To join the nations at war for right
Came a young giant called America...
Big as the prairies, big as the hills.
Free and angry and unafraid.

He rolled up his sleeves; he spit on his hands...
And then he out-produced the world
In the awful but needful weapons of war.
The wrath and the might of his people grew...
On land...at sea...in the boundless air:

Now he is marching on Europe...
Side by side with staunch allies;
Now he is at death grips
With the cruellest foe man ever faced.
Now he needs every ounce of his strength...

And because YOU are his strength
Now you can help as never before...
By doing YOUR part...by digging deep...
By buying more bonds than ever before!...

Buy bonds and be mighty, America...
Buy bonds and be proud!

Assistance Grants Rise Over State

Revision of individual public assistance grants, in line with the increased allowances announced by Governor Martin on June 15 immediately following action taken by the State Board of Public Assistance, is being put into effect promptly in order that the 93,000 persons receiving Aid to Dependent Children and 25,000 receiving General Assistance may more nearly meet the current cost of a minimum standard of living. The increases for recipients of Aid to Dependent Children will be made effective with their checks for the month of July and for recipients of General Assistance with their checks for the week commencing July 17.

Allowances for old-age assistance will not be affected by this increase since the present maximum of \$40 already exceeds the new schedules for the other two assistance programs.

The present increase is being made in order to meet the costs of

minimum household and cleaning supplies, shelter, and fuel and light, as shown in the findings of the Department's latest Cost of Living Study. Allowances for food were raised previously in August 1942, December 1942 and June 1943 in order to meet the rise in food prices.

The increased allowances will cost the State about \$120,000 a month. There are sufficient funds in the Department of Public Assistance appropriation to cover the increased cost.

Flavor and Fitness Breakfast Suggestion

Never have women been so "nutrition-conscious" as they are right now. Our Government has, to a great extent, been responsible for America's great interest in correct foods and balanced meals. Uncle Sam's Basic 7 Food Groups have by this time become familiar friends of the household, the most women consult them before making out their daily shopping lists.

Group 6 is one of the most important. That, you remember, includes natural whole grain (or enriched or restored) bread, flour and cereals. For health's sake, we are urged to eat some every day, delicious ways to induce the family. One of the most interesting and to eat whole wheat every day is to serve "Shreddies"—the new and different breakfast cereal.

"Shreddies" is convenient "poon-size"; made of 100% natural whole wheat, with all the rich, nut-like goodness and sound, hearty nour-

ishment of that grand grain. To children, the lure is flavor, of course. In fact, "Shreddies" has delightful, tempting flavor that appeals equally to youngsters and grown-ups.

Mothers will be pleased to know that "Shreddies" is made by National Biscuit Company in the original Shredded Wheat Bakery at Niagara Falls. A guarantee of excellence!

UNHAPPY FINLAND

Finland has taken the road to utter ruin which she so narrowly escaped in 1939-40.

Some of us may regret it remembering her strides along the best lines of human progress between the wars, and with what brave principle she fought the winter war as the Russians, coldly practical, prepared their strategic defenses for 1941.

But Finland supported her pro-Nazi leaders, possibly hopelessly but probably willingly, preferring the Germans to the Russians. For that decision, which only staved off this day when she has become another Italy, she must pay bitterly. The United States, one of her longest-suffering friends, can tolerate her no longer. Finland drops to the rank of the Hitlerite balkans.

Oddly enough, the man most responsible for Finland's position is a former Russian army officer, Field Marshal Gustav Mannerheim, hailed from 1918 to 1941 as Finland's greatest patriot. He now stands as another Mussolini, wrecker of the country at whose birth he played the roles of both father and midwife. He now ranks even lower than Hitler's other satellites. Der Fuehrer brought them into line with irresistible pressure. Mannerheim joined him with gusto.

Not that Mannerheim would have joined happily in a war on Norway, Denmark, Belgium, Britain or the United States. But he saw opportunity for revenge, for recapture of territory, and for venting of an old grudge against the Soviets.

And let there be no doubt as to Mannerheim's responsibility. A Swedish writer aptly said: "Finland is a republic but has both a president and a king. The king is called Mannerheim."

STRICKEN FRANCE

One of the toughest and most thankless jobs in connection with the invasion of France is the task assigned to the civil affairs administrators. Not only must they restore order and provide food and shelter for the civilian populace, but they must also use all their powers of tact and persuasion to rebuild morale.

French cities have been devastated by heavy artillery fire, bombing, house-to-house fighting. Homes have been demolished, farms ruined, livestock slaughtered. Tragically, innocent civilian bystanders have been counted among the dead and injured.

Frenchmen are human, and being human, they must feel a sense of frustration and bitterness at the unhappy turn of events that has brought havoc to their country. Many of the areas over which the invasion armies are now tramping have not felt the full devastation of World War II before now.

Moreover the Nazis, schooled in continental ways, had a long time in which to infiltrate their propaganda, and the carefully disciplined German army of occupation has undoubtedly been cautioned to guard against incurring displeasure of the French populace. The underground has bitterly fought the Nazis, and there are unquestionably thousands of Frenchmen who hate the Boche, but reports have indicated that the Allies did meet with some popular displeasure.

Wise, American and British civil affairs administrators have named a De Gaulle representative for each detachment, thus gaining the confidence of minor officials in many towns. Administrative rifts have been avoided and the military authorities are proceeding cautiously on a "wait and see" policy.

Unhappy France, suffering humiliation, defeat, and now destruction of many historical towns and cities, deserves our sympathy and all of the help we can give her. Her lot has not been a pleasant one. Her only consolation is that happier days are not far distant.

HOME FRONT DATE WITH UNCLE SAM!

Most of us do not use our automobiles a great deal these days—at least when compared to the prewar period of plenty of gasoline and unrestricted travel.

But the government's "use tax" remains in effect. It costs \$5 and one buys the tax from the local post office.

Despite all the complaints about the levy of a "use tax" on a vehicle that isn't used a great deal, the law says it must be paid—and by July 1.

And your Uncle Sam needs the money.

Murder at CANDLEWOOD

by Gene Bunker Lumley

Chapter 12

ONCE or twice that night Spring listened, thinking the boards in the hall were creaking. The third time she was certain. She crossed her room and listened intently at the door. The steps went past, very slowly, down the hall and paused at the curve toward the stairs. Spring remembered, with a chill, that the top of the stairs creaked shrilly. Someone else had remembered, too. For now there was no sound at all.

Spring unlocked her door and stepped outside. There was a little balcony that looked down on the large main hall below. She stood there listening.

Someone was on the stairs. And it couldn't be anyone but her Aunt Drusilla, for her room, opposite Spring's, was at the end of the north wing. No one else would have had occasion to pass Spring's door. The footsteps went on down, paused, then there was the faint scuffle of soft feet against hard flooring, and finally only the stillness.

Candlewood House was long and sprawling and Spring had been away for over a year. But she was determined to follow Drusilla and discover the purpose of these night prowls. If she was sick and needed help, or if—Spring shivered in the cold hall. She tried not to think of the other possibility of her aunt's wanderings. If she thought too much about that twisted corpse on the stone bridge she wouldn't have the courage to grope through Candlewood House in pitch darkness. Something stronger than her good sense drew her toward the front stairs after that silent creeping figure. She went back to get her flashlight from under her pillow, and holding it reassuringly in her left hand, she groped down the stairs.

Candlewood House was black as a cavern. She kept far to the right side, against the

wall, of the long, semi-winding stairs. There was no sound below. Ahead of her lay the stair landing, directly beneath the balcony outside her own room at the north end of the hall. There was a long, stained glass window on the landing, but no moon tonight to lay its white path across the lower steps. Beyond the window, dimly outlined against the gray night, there was only blackness and the constant, tiring beat of rain.

She was halfway to the landing, taking each step cautiously, when she saw the pattern against the window outline. Her breath stopped in her throat. Her hands went numb with a shocking, paralyzing fear. There was someone on the stair landing!

Spring pressed against the wall, terror winging through her whole being. Reason was a thing beyond her. There was no reasoning with fright, and Spring was afraid. Then the pattern was gone and she tried to believe she had imagined it, that it had never been there, that no one could cross the tiled hall floor beneath her without her having heard. She was gathering her strength to move down another step when the board creaked. The step below her, or the one above, creaked with the weight of a moving body! Spring groped wildly for the wall, and then ran down the seven steps to the landing and on to the hall below. She ran blindly, without purpose, anywhere to escape the trap on the stairs. And a scream tore apart the sleeping calm of Candlewood House.

The cry came again, and then there was stillness. Not quiet, but a dead heavy stillness that was even worse.

Spring flung herself across the hall, her flashlight on now, down the narrow north hallway toward the back of the house where the scream had sounded. She knew, intuitively, that it was from the back parlor. She threw open the door, her flashlight catching the

figure of a man. Spring screamed, it was Dirk's name that came, loudly, for help. Then, suddenly, she was ashamed. She had awakened the household for nothing. The figure her flashlight had found was the suit of armor standing stiff and silent against the wall.

THE others had wakened. She heard them running overhead, heard Dirk's voice above the others on the stairs, and she started to laugh hysterically. And then, as her flashlight jerked in her hand, she felt the blood running out of her veins, leaving her cold and sick. There on the floor, at the far end of the room, a figure lay face down in the unmistakable crumpled shape of disaster.

"Jo!" she screamed. "Jo!" The others came in, candles dancing weirdly and breaking up the darkness into waves of light and shadow. Dirk and Justen were across the room and bending over the figure on the carpet. Great Aunt Adelaide thumped her cane from the hall. Dirk lifted the girl carefully and laid her on the leather couch at the end of the piano.

"Jo!" Dirk called loudly, bending over the girl, and his voice seemed to be trying desperately to bridge the shadows between the world of the living and that swiftly approaching other one.

Spring knew, without being told, that Dirk was trying to outrun death. "Jo, what happened? Tell us what happened to you!"

The girl moved her head slightly with just a fraction of a motion as she struggled to recognize him. Her lips moved stiffly, but no sound came. She tried again. Those waiting within the parlor gloom made no smallest sound. And then, Jo whispered, in words that were light sighs from very far away:

"The . . . heav . . . er . . . moved . . . uh . . ."

And then she was gone

Commencement Exercises at Warren Conservatory Set For Saturday Night

Invitations are being issued to friends of the Warren Conservatory of Music for its 38th annual commencement exercises to be held in the concert hall at 8:15 p. m. Saturday.

Graduating from the regular conservatory course in the Class of 1944 are these pianists: Mrs. Edward Capp, Kane; Naomi Johnson, Corry; Shirley Johnson, Youngsville; Dorothea Peterson, Warren; Eleanor Peters, Irvine; Margaret C. Drivas, of Warren, is the only voice graduate this year.

Program numbers will be as follows:

Invocation, Rev. R. S. Schieb, Salem Evangelical minister; Prelude in E flat minor, by Bach-Burnmeister, Mrs. Capp; Concerto in C minor by Rachmaninoff, Naomi Johnson, with Louise

Whiteley at the second piano; De-puis le Jour from Charpentier's Louise, Mrs. Drivas; Concerto in E flat by Liszt, Shirley Johnson, with Lillian Swanson at the second piano.

Address, "The Sense of Music in Times of Stress", Rev. Schieb; Concerto in A minor by Grieg, Dorothy Peterson, with Lillian Larsen playing the orchestral parts at the second piano; Battisti, bel Massetto from Mozart's Don Giovanni, Dreams by Wagner, Virginia Norgren, assisting artist from Corry; Concert Etude by MacDowell, Eleanor Peters; presentation of diplomas, Dr. L. B. Campbell; benediction, Rev. Schieb.

Edith Haines Kuester will be at the piano for accompaniments to the singers' selections.

Marcia Johnson Is Heard In Unusually Pleasing Program

A very large and appreciative audience was present at the Woman's Club Monday evening when Marcia Johnson, pupil of Rachel W. Eaton, gave a most pleasing piano recital.

Those who heard Miss Johnson's recital last year and had the opportunity of comparing her work presented in this program were satisfied and pleased with her unusual musical progress.

Interpretation in beauty of tone and understanding were "The Swan" by Saint-Saens and Debussy's "Clair de Lune." Keen imagination was evident in "Arabesque in G" by Debussy. Schubert's "Impromptu in A flat" and Chopin's "Waltz in D flat" were excellent vehicles for the performer's clear, fluent technique. "Rondo Capriccioso" by Mendelssohn was the highlight of the program. The varied moods and types of technique required in this composition were executed with an assurance and fitness of detail that comes only from thorough preparation and an artistic feeling and understanding seldom heard in the work of so young a student.

An instrumental trio composed of Nick Geracimos and Patty Murray, violins, and Eleanor Peters, piano, offered a pleasing interlude in the program. They appeared in two groups of numbers which appealed in interest and variety.

The young musicians are to be commended for presenting a very enjoyable musical evening.

TIMES TOPICS

HERE ON FURLOUGH

J. Raymond Grady, of the U. S. Marine Corps at Camp Lejeune, N. C., accompanied by his wife and little son, Raymond Arthur, arrived last evening for a brief furlough with his parents, Mr. and Mrs. J. N. Grady, Hazel street. They will also visit with Mrs. J. R. Grady's parents, Mr. and Mrs. E. J. Becker, in Corry, before returning to the south.

CANVASS EXTENDED

Cards are coming in well for absentee voters at the office of Defense Council and it is hoped to have all in as soon as possible. Estimates place the number of absentee voters in this county at about 2000. The canvass originally set to close today has been extended to July 6, as many of the canvassers have been forced to make several calls to secure one name and this has slowed up the work.

BUSINESS GROWING

Express business out of Warren has shown a wonderful increase so far this year over what was done in 1943. The general business is up 10 per cent over last year and the air express shows a growth of 40 per cent. During May there were 56 shipments of air express handled and this month that mark is also expected to reach that figure. Most of the air express shipments are of replacement parts for machinery, etc., and some of them are quite heavy.

MAY REBUILD PLATFORM

Plans are being discussed for the rebuilding of the platform at the Pennsylvania railroad station. The platform is in bad shape and the improvement would be much appreciated by the traveling public. Installation of new lights on the platform and along the tracks where the passengers board Pullman cars would also be appreciated as it is dark in that area and with the long trains the Pullmans are a considerable distance west of the lighted zone about the station.

ROYAL ARCANUM MEETING

The regular meeting of Conewango Council No. 115, Royal Arcanum, was held in S. F. of A. hall Tuesday night. After the business session the degree was conferred upon one candidate, and two applications were reported. A contact dinner for prospective members will be held Thursday, July 6th under the direction of the regent, Harold Swanson. After the meeting games were played and light refreshments were served by Myron Grosch and his committee. There will be initiation at the meeting July 11th.

Personal Paragraphs

Miss Barbara Dennison, 225 Liberty street, was admitted to Warren General Hospital about nine o'clock Tuesday evening, ill of pneumonia.

Homer Fitch and wife, Ed Mason and wife and Ernest Stewart and wife left this morning for Wilkes-Barre where they will attend the state convention of the VFW which is in session there this week.

The Misses Loraine and Elizabeth Erickson, of Chicago, Ill., are spending a vacation period with their parents Mr. and Mrs. Jonas Erickson, Russell RD 1.

Chaplain Here On Visit To Talk Sunday

Chaplain James A. Davidson, on leave from Blumenthal Army Air Base at Wilmington, N. C., will be the preacher for the first of the community outdoor services at Beatty school lawn on Sunday evening. The service begins at 7:15 p. m. and, in case of rain, will be transferred to the school auditorium.

This summer series, continuing through August 27, is sponsored by the Warren County Ministerial Association and is for the public's participation. Music for each service will be in charge of the director of the church represented by the preacher. A sacred concert by the Salvation Army Band, under the leadership of Captain Arthur Brandenburg, will open each worship period.

Succeeding dates and speakers on the two-month schedule are as follows: July 9, Rev. P. Elmer Landerdahl, Bethlehem Congregational; July 16, Rev. Ernest Ruark, First Baptist; July 23, Dr. H. A. Rhinard, First Lutheran; July 30, Rev. R. S. Schieb, Salem Evangelical; August 6, Rev. Nore Gustafson, St. Paul's; August 13, Rev. J. C. Wygant, First Evangelical; August 20, in charge of the Warren Christian Youth Council; August 27, Rev. Harold Knappenberger, pastor of Grace Methodist church and head of the ministerial group.

Sgt. Pequignot Reported On Missing List

Mrs. E. O. Pequignot, of Tidoute, has been advised by telegram from the War Department that her son, S/Sgt. William F. Pequignot, is missing in action in the European area.

S/Sgt. Pequignot, who is a tail gunner on a medium Marauder, "A KP's Dream", has seen service in missions over Belgium, Holland and France and early this year was awarded the army's highest decoration, the Distinguished Flying Cross, along with the Air Medal and three Oak Leaf Clusters.

According to the communication received at that time from the U. S. Ninth Air Force Marauder station in England, he was credited with "extraordinary achievement while participating in bombing missions over enemy-held territory in Europe" and was cited for "unfaltering performance of duty in missions dispatched under hazardous conditions against vitally important enemy installations".

Nine Leave Tomorrow For Navy Service

Draft Board No. 1 tomorrow will send a group of nine men to serve in the U. S. Navy. Raymond W. Walchli of Clarendon has been appointed as leader of the group on their way from Warren to the induction center.

Those who will make the trip tomorrow are as follows: Crawford, Clayton Hugh, Iroquois, N. Y.

Elsholz, Raymond Herbert, Warren.
Gruttaria, Frank, Warren.
Gruttaria, Tony, Warren.
Johns, Neil, Berton, RD 1 Oil City (Trans'd to L. E. No. 3, Oil City, Pa.).

Keim, Charles Calvin, Warren.
Kelly, Kearney Hiram, 33 Indiana Church Rd., Buffalo, N. Y. (Trans'd to L. E. No. 618, Buffalo, N. Y.)

Reist, Robert Charles, Warren.
Walchli, Raymond Walter, Clarendon.

Miller, Akeley; Mrs. Herman Moll, Russell.

RICK D. MYERS

Rick D. Myers died Tuesday evening at 8:45 o'clock at his home, 10 Church street, North Warren, after a short illness. He was aged 59 years. He was line foreman for the Pennsylvania Electric Company for 35 years and was active in Warren Lodge, Loyal Order of Moose.

He leaves his wife, Ina; five daughters and one son: Mrs. Gladys Baird, Mrs. Dorothy Dunham, Mrs. Verna Lawson, North Warren; Jane and Beatrice, at home; James Myers, Warren; also one step-brother, Norman H. Spencer, of Dallas, Texas, and three grandchildren.

Funeral services will be held from the family home at 2:30 p. m. Friday, conducted by Rev. J. H. Cruickshank and followed by interment in Oakland cemetery.

MRS. KATHRYN PEARL STOVER

Mrs. Kathryn Pearl Stover died this morning at 10 o'clock after a brief illness at the Warren General Hospital.

She was born at Fertigs, Venango county and has been a resident of North Warren for the past four years.

Mrs. Stover is survived by one daughter, Mrs. Boyd Sandeen, of North Warren with whom she made her home and two grand children. Two sisters, Miss Gertrude Master, of Pittsburgh and Mrs. Olive Stewart, of Parkersburg, West Va., also survive.

Removal was made to the Leo Gibson Funeral Home where friends may call on Thursday at the usual time and on Friday until the time of the service, 4 p. m. Committal will be made in Oakland cemetery.

ORVILLE GORTON

Orville Gorton, 66, retired leaseman, died early Tuesday morning at his home in James City, after a three years' illness. Death was due to complications.

He was born in Highland, December 7, 1877, and attended the Highland Township schools. He has lived at James City for the past two years and before that at McKinley Station. He was married in Jamestown October 9, 1915, to Mary Kosinski. He was a member of the Kane Elks.

Survivors include his wife, and the following sisters, Mrs. Etta Ellithorpe, Kane; Mrs. Kathryn Bramer, Sheffield; and Mrs. Ida Anderson, McKinley Station.

Funeral services will be held on Thursday at two o'clock from the late residence with the Rev. George H. Palmer, pastor of the First Methodist church officiating. Interment will be in the McKean Memorial Park.

Red Cross Work Notes

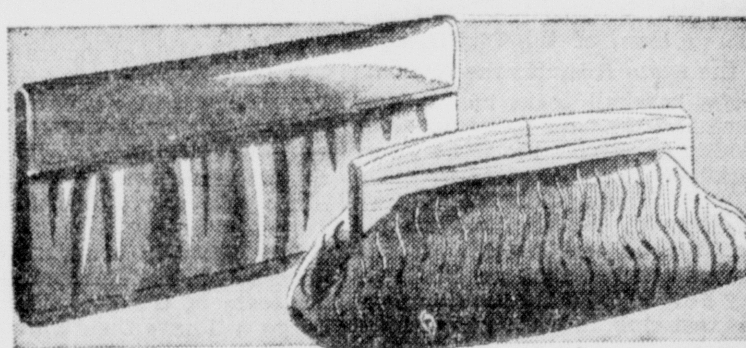

All VFW Auxiliary members are urged to turn out at Red Cross headquarters from 7 to 9 p. m. Thursday to make surgical dressings.

DETAIL FOR TODAY Sand Pounder

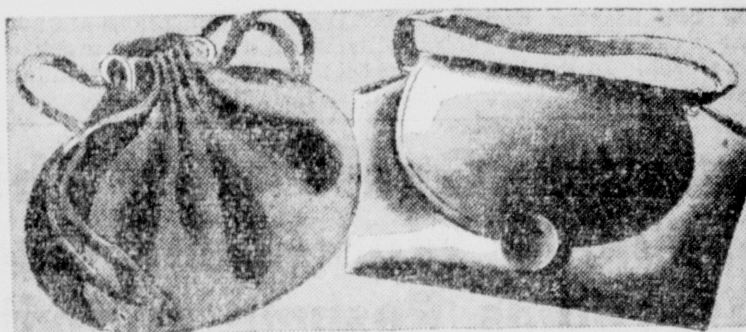

When a Navy man is on beach patrol duty he is a SAND POUNDER. When off duty, the stars and sun shine brightly but as soon as he dons working gear, foul weather appears. A SAND POUNDER works almost continually in either rain, fog, cold or snow. He usually develops two definite characteristics — knotty calves and a burning desire for cities, night clubs and sidewalks. A SAND POUNDER's station usually is some isolated spot, where he feels he has been forgotten by the world and left to his lonely vigil for the duration.

Forgers Have Busy Schedule With Teams From Jamestown And Corry At Wilder Field

Beginning with tomorrow even-overwhelming scores and on that basis claimed the district title again. Corry wanted to share honors on the basis of games won and lost and nothing came out of it. The rivalry will be resumed when the two teams meet at Irvine Sunday. Cassett or Vern Group, ex-minor leaguer, will do the pitching. Hines will go to the mound for Forge.

July 9th will bring the Erie Brabenders (not Bartenders) leading team of the Erie district and Forge will have their work cut out for them. Other teams contacted for games in the near future are the Grays, Crawfords, Monarchs all of Pittsburgh; Oakmont, leading Greater Pittsburgh League; Youngstown All-Stars who played the Pirates at Camp Reynolds; Dormont, Penn State College; Hobart College and Greenville. As soon as connections are made Warren fans will have a chance to see these teams in action at Wilder Field.

Corry, in the last two years, has been Forge's only rival for district honors. Forge won four out of seven games for the district title two seasons back and last year broke even in six games, with three each. In the last two meetings the Forge victories were by

Baseball Goes After Third \$500,000 War Relief Quota As Teams Resume Activities

By JACK HAND
Associated Press Sports Writer

Baseball goes after its third \$500,000 war relief quota tonight. Across the board in all four western parks of the National League, gate receipts go directly into war funds. Eastern parks of the National will do as much on July 25 and the American League will stage its 8-game program on scattered dates beginning July 7.

Baseball has raised an estimated \$2,130,000 for the war effort including relief games by each club in the majors in 1942 and 1943, two all-star tilts and portions of two world series games.

St. Louis has a double feature in the playoff of the "suspended" game of May 16 in addition to the regular tilt with the Phillies. Freddy Fitzsimmons' club held a 9-4 lead in the seventh inning when the contest was called to allow the Phils to catch a train.

Max Lanier's win streak was unbroken and the "suspension" of play for a month enabled the Redbird ace to make it six in a row before losing although he had been hailed of the hill and apparently heated by the Phils. Fred Schmidt and Charley Schanz, who went pitching when the game was called, will go back to work tonight along with the same lineups.

Cincinnati has a twilight-night doubleheader with Boston as its war relief attraction. Chicago has a day double with Brooklyn and

Pittsburgh a single night game with the New York Giants.

The New York Yankees entertain the league-leading St. Louis Browns in an important series with Don Savage out of action due to an injury but Tucker Stainback reporting as available for outfield duty after a month's absence. Second place Chicago opens against the Boston Red Sox in another first division series. Cleveland is at Philadelphia and Detroit at Washington for a night game.

Old Timers May Get Into Action Again

According to reports circulating through baseball circles of Warren Roy "Coxey" Pearce is again active trying to line up another "old timers" team to play a game in Jamestown. Just how far he has progressed should be known within a few days. That there is something stirring for such a game is evidenced by the fact that many of the veterans who starred in local diamond games in years past are said to be attempting to line up in an effort to get back into shape for another appearance.

Fans may have an opportunity to see the old timers in action on a local diamond before the curtains ring down on the present season. It is rumored that an effort is being made to stage a benefit game in honor of "Red" Swanson's birthday which is said to be coming up some time along about the last of August or first of September. Tentative plans provide for playing this game either at Russell Field or the State Hospital with the organization to receive the proceeds yet to be decided upon.

News that the old timers are again planning a return engagement will be learned with keen interest by baseball fans of the vicinity.

Pacific Coast To Have Pro Grid League

By RUSS NEWLAND
Hollywood, June 28.—(P)—The Pacific coast, which sought but never obtained a franchise in the National Football League, finally has found its way into the big leagues—by organizing its own.

The new setup, to be known as the American Professional Football League, will face a lot of problems next fall—manpower, transportation, etc.—but no professional football loop on the west coast, and there have been a number of them, has been so thoroughly planned or so financially strong as this one.

It's a brainchild of William (Big Bill) Freelove, aviation industrialist of Los Angeles, who is such a football nut he climbed into a grid suit a couple of years back and filled a tackle position to help out in a game.

Freelove traveled up and down the coast interviewing prospective club owners, and came up with financially sound backers to take over franchises in Seattle, Portland, Oakland, San Francisco, Hollywood, San Diego and two in Los Angeles.

Best known of these franchise holders are George Zaharias, the ex-wrestler, who hung on to his money as tightly as he did to some of his opponents and his wife, Mrs. Mildred "Babe" Didrikson Zaharias, star of half a dozen or more sports. They'll run the San Diego team.

Thirty-four of the 56 signers of the Declaration of Independence were lawyers.

PONY LEAGUE

Buffalo, N. Y., June 28.—(P)—Eleven runs in the first inning of the second game with Batavia started them on a 20-6 victory last night. Scores in three of six other Pony League games also climbed into double figures.

In the seven-inning opener Lockport handed the Clippers a 3-2 setback.

The Erie Sailors took both ends of a twin bill from Jamestown, 7-3 and 15-4. The second game was played under protest of Falcon manager Ollie Carnegie.

Wellsville scored two double-figure victories over Hornell, 15-3 and 10-2.

The cellar-dwelling Bradford Blue Wings squeezed a 9-8 decision from Olean in another free-hitting contest.

Today's games: Lockport at Batavia, Hornell at Wellsville, Bradford at Olean (2), Erie at Jamestown.

Presbyterians Break Into Win Column

Plenty Game Fish Awaiting State Anglers

Harrisburg, June 28.—(P)—Plenty of fish and probably good stream conditions will greet Pennsylvania anglers when the bass season opens July 1, Fish Commissioned Charles A. French predicts.

Some 600,000 new bass were stocked in state streams during the year in addition to those left there by a decrease in fishing last year due to war conditions, French said.

Fishing regulations for inland waters from July 1 to Nov. 30:
Bass—Small and large mouth, not less than nine inches, daily limit six.
Pike, Perch or Wall-Eyed Pike, not less than 12 inches, daily limit six.
Pickerel—Not less than 12 inches, daily limit six.
Muskelunge—Not less than 22 inches, daily limit two.

Double Bill Is Divided By Redwings

The local Redwings recently divided a double bill with the Kane Wolves. The Hilltoppers won the first mostly due to the sweet pitching job by Fragale, but the errors made by the Redwings gave it to the visitors on a silver platter.

The second game was a different story. With the Redwings finally finding the ball, also added to Juliano's beautiful four-hit pitching, Warren was able to come out on the long end. Weidert sparked the team batting by collecting two hits for three times at bat, including a homer. He also made a nice running catch of a long fly ball in centerfield. Bonavia also had a field day at the bat, knocking in three runs on a triple and single.

A return engagement will be played in Warren when Kane has an open date.

RIMERSBURG HEARD FROM

U. S. Fighter Base in England, June 28—(AP)—Lt. Craig McCall of Rimersburg, Pa., commenting on yesterday's Allied aerial assault on the Germans, said that his flight strafed 15 tanks outside Alencon and "at least two of the tanks were burning when we left."

GUARDSMEN BUSY
Indianapolis Gap—June 28—(AP)—Toughened by long hikes and strenuous training on rifle ranges, Pennsylvania state guardsmen in the First and Fourth Infantry plunged into another round of drill today at the summer encampment at this military post.

British infantrymen alone have advanced more than 10,000 yards—some six miles—since Montgomery began his whirlwind offensive Monday. The punch went Tourville along the cross-Penninsular road from Caen, then thrust on northeast of Bregny, about six miles southwest of Caen and midway between the Odon and Orne rivers.

Americans in Cherbourg captured a second German general, the Deputy Commander of Cherbourg, Maj.-Gen. Robert Stattler, yesterday when they stormed the arsenal in the port city, one of the last centers of Nazi resistance.

Supreme headquarters disclosed that the Allies had suffered 40,549 casualties in the first two weeks of the invasion. German losses in killed, wounded, and captured for three weeks of battle were estimated at not less than 70,000.

American casualties were 24,162, more than half the total suffered by the Allies, and did not include those incurred in the assault on Cherbourg.

Clearing weather gave the Allies the opportunity to throw their battle raging on the eastern wing of the bridgehead. Yesterday 3,000 sorties were flown.

On the Cherbourg peninsula Americans continued their mop-up job, capturing an arsenal which had been holding out, and attacking German-held Maupertus airfield to the east of Cherbourg and remnants of Germans trapped at Cap De La Hague.

McKeesport, June 28—(AP)—Townsperson of Marine Lt. Mitchell Paige, Allegheny county's first World War II Congressional Medal of Honor winner, will hear further tribute on the Guadalcanal hero at a banquet in his honor tonight.

The modest young officer got the biggest ovation ever accorded a war hero here when 75,000 persons lined the streets last night to view a three-mile parade in which nearly 5,000 marched.

Tank Column Cuts Through Enemy Lines

(From Page One)
Caen in an outflanking drive. Gen. Sir Bernard L. Montgomery's steel fist tore a breach six miles wide in Nazi defenses, but the peninsular base road from Caen, poured over the Odon river, and battered two miles deeper to a point northeast of Esquay.

This deep penetration sliced the road from Caen to Evreux, and threatened the remaining German-held highways feeding into Caen from the south and southeast.

Violent fighting also broke out a few miles north of Caen, with British troops pinning down German defense forces while tanks swept in from behind.

Allied planes hovered over the tank battle and lashed at Nazi reserves.

Camp Planned For Girls Who Aid Farmers

C. C. Winans, of the Emergency Farm Employment service has been contacted by the Division of Agricultural Extension relative to girls from this area attending a camp to be opened four miles east of North East. Arrangements have been made to recruit a number of girls here and to transport them in a bus to the camp which will be known as Dorn's Villa. One hundred girls and supervisors are wanted and the girls will move into the camp next week. They will be employed in the picking of cherries, tomatoes, peaches, apples and pears. It is expected that 25 will be enrolled in this city.

The girls will be paid at the rate of 50 cents the hour; picking cherries 20 per bushel; tomatoes 70 per half bushel or by the hour; grapes 120 per crate; peaches by the hour, apples and pears by the hour. An average worker should pick 250 pounds of cherries or 80 baskets of tomatoes or 50 crates of grapes per day.

Cost of meals and lodging will be \$10 per week and workers will be under supervision at camp and on the farm. Field supervisors will instruct the workers on their work in the field.

A recreation program is being developed in addition to the sand beach of Lake Erie where there is no undertow and water is less than five feet deep for a quarter of a mile off shore.

Applications should be made as soon as possible to C. C. Winans.

There are also a number of farmers in Erie county who can furnish housing for the cherry picking season to adult groups or families who desire to go there to work. All inquiries for this group should be made to George Pier, 204 Masonic building, Erie.

S. A. Bible School Ends With Outing

The Salvation Army Daily Vacation Bible School ended today with an enrollment of 67 and a average attendance of 54 daily. One of the high spots for the children was a picnic held today at the South Side Playground with 62 in attendance. All the food and refreshments were furnished by the Salvation Army.

Much credit throughout the two weeks.

The first day there were 47 present and the closing day there was 62. The instructors were Mrs. Mae Gross, Mrs. Goldie Morse, and Miss LaVern Miles, Captain and Mrs. Brandenburg were in charge of the school.
